The Global Electronic Warfare (EW) Market 2015-2025

Description:

Summary

Demand for electronic warfare systems is anticipated to be driven by rapid technological advancements in the domain and the growing need for intelligence, surveillance, and reconnaissance (ISR) capabilities in militaries globally. The electronic warfare systems market is expected to be dominated by North America, followed by Asia-Pacific and Europe. Modern warfare places a greater emphasis on information superiority and situational awareness, and this is expected to be a major factor driving spending in this sector.

Key Findings

- The North American region is estimated to account for the largest share of 41% in the global electronic warfare systems market, with the region accounting for a cumulative spending of US$72.1 billion over the forecast period. The region will be followed by Asia Pacific and Europe, with respective spending of US$51.6 billion and US$35.3 billion during 2015-2025

- In terms of segments, Electronic Protection and Electronic Warfare Support are expected to be the top two segments in the global electronic warfare systems market over the forecast period. The Electronic Protection segment is expected to account for 52.4% of the total market, Electronic Warfare Support segment is estimated to comprise 33.1%, and the Electronic Attack segment is estimated to account for 14.5% of the market

Synopsis

The Global Electronic Warfare Systems Market 2015-2025 report offers a detailed analysis of the industry with market size forecasts covering the next ten years. This report will also analyze factors that influence demand for electronic warfare systems equipment, key market trends, and challenges faced by industry participants. In particular, it provides an in-depth analysis of the following:

- Market size and drivers: detailed analysis during 2015-2025, including highlights of the demand drivers and growth stimulators. It also provides a snapshot of the spending and modernization patterns of different regions around the world

- Recent developments and industry challenges: insights into technological developments and a detailed analysis of the changing preferences of electronic warfare systems segments around the world. It also provides trends of the changing industry structure and the challenges faced by industry participants

- SWOT analysis: a study of the industry characteristics by determining the strengths, weaknesses, opportunities, and threats

- Regional highlights: study of the key markets in each region, providing an analysis of the key segments of the market that are expected to be in demand

- Major programs: details of the key programs in each segment, which are expected to be executed during 2015-2025

- Competitive landscape and strategic insights: analysis of the competitive landscape of the global market. It provides an overview of key players, together with information regarding key alliances, strategic initiatives, and financial analysis

Reasons To Buy

- Determine prospective investment areas based on a detailed trend analysis of the global electronic warfare systems market over the next ten years

- Gain in-depth understanding about the underlying factors driving demand for different electronic warfare system segments in the top spending countries across the world and identify the opportunities offered by...
Strengthen your understanding of the market in terms of demand drivers, SWOT, industry trends, and the latest technological developments, among others

Identify the major channels that are driving the global market, providing a clear picture about future opportunities that can be tapped, resulting in revenue expansion

Channelize resources by focusing on the ongoing programs that are being undertaken by the internal ministries of different countries within the electronic warfare systems market

Make correct business decisions based on thorough analysis of the total competitive landscape of the sector with detailed profiles of the top electronic warfare system providers around the world which include information about their products, alliances, recent contract wins and financial analysis wherever available

Contents:
1 Introduction
   1.1 What is this Report About?
   1.2 Definitions
   1.3 Summary Methodology
2 Executive Summary
3 Global Electronic Warfare Systems Market Size and Drivers
   3.1 Electronic Warfare Systems Market Size and Forecast 2015-2025
   3.2 Electronic Warfare Systems Market - Regional Analysis
      3.2.1 North America to drive the demand for the electronic warfare systems market over the forecast period
      3.2.2 The US will lead the global expenditure on Electronic Warfare Systems
      3.2.3 Electronic Warfare Systems market to exhibit a CAGR of 3.89% in the Asia-Pacific region
      3.2.4 Europe to account for the third largest market for electronic warfare
      3.2.5 Middle Eastern nations to spend considerably on the electronic warfare market
      3.2.6 The Electronic Warfare Systems Market in Latin America expected to register a moderate to strong growth over the forecast period
      3.2.7 Markets in Africa expected to increase over the forecast period
   3.3 Electronic Warfare Systems Sub-Sector Market Size Composition
      3.3.1 Electronic protection systems to constitute 52.4% of the electronic warfare systems market
      3.3.2 Electronic protection Systems to form the largest market segment over the forecast period
      3.3.3 Electronic warfare support systems to witness sustained investment throughout the forecast period
      3.3.4 Investment in Electronic Attack Systems to grow at a CAGR of 3.40% over the forecast period
   3.4 Demand Drivers and Growth Stimulators
      3.4.1 Change in battle space to attract significant investment in EW Systems
      3.4.2 Increasing Use of Electro Magnetic Spectrum to drive the Electronic Warfare market
      3.4.3 Integration of Electronic Warfare Systems to other war fighting equipment boost the market
      3.4.4 Rise in asymmetric warfare, counterinsurgencies and global terrorism to fuel EW demand
      3.4.5 Combination of electronic warfare and stealth capabilities to drive the market
   3.5 Defense Budget Spending Review
      3.5.1 European capital expenditure expected to increase during the forecast period
      3.5.2 Asian defense budgets expected to increase at a robust pace
      3.5.3 North American defense expenditure projected to increase marginally during the forecast period
      3.5.4 Modernization programs likely to drive defense expenditure in South American countries
      3.5.5 Military budgets of African countries expected to increase during the forecast period
      3.5.6 Defense budgets of Middle Eastern countries likely to increase during the forecast period
   3.6 Defense Modernization Review
      3.6.1 Financial constraints causing delays in European defense modernization programs
      3.6.2 Defense budgets of Asian countries likely to be driven by competitive arms acquisitions
      3.6.3 Global economic slowdown leading to defense budget cuts in the North American region
      3.6.4 Need to replace aging equipment driving South American defense expenditure
      3.6.5 Security threats increasing the defense budget of African countries
      3.6.6 Demand for air defense systems is likely to increase in the Middle East
4 Industry Trends, Recent Developments and Challenges
   4.1 Technological Developments
4.1.1 New technologies to boost development in EW capabilities
4.1.2 A next-Generation electronic warfare development, Angry Kitten, targets fully adaptive threat response technology
4.1.3 US Army develops a new electronic warfare planning and management tool

2 Market Trends
2.1 Dismounted and portable jammers, and EW systems for naval and airborne platforms to emerge as a growing area of focus
2.2 Integrated Cyber and Electronic Warfare or Cyber-Electromagnetic technologies to join cyber and electronic warfare functions
2.3 The market is currently witnessing a shift from the procurement of conventional UAVs to Mini, Micro and Nano UAVs, thus resulting in the procurement of related EW Systems

3 Industry Consolidation
3.1 Joint ventures expected to increase over the forecast period
3.2 Acquisitions in the electronic warfare Systems sector to provide significant opportunities

4 Key Challenges
4.1 Austerity measures slowing down procurements
4.2 Developmental and production challenges impede the procurement

5 SWOT Analysis of the Electronic Warfare Systems Market
5.1 Strengths
5.1.1 Increasing demand for intelligence, surveillance and reconnaissance (ISR) capabilities
5.1.2 Reforms in defense spending to favor EW Systems
5.1.3 Growing use of electromagnetic spectrum to uphold the demand for EW Systems
5.1.4 Proliferation of Directed Energy Weapons (DEW) technology to provide sustained impetus to the market for EW systems
5.2 Weaknesses
5.2.1 Complexity of electronic warfare systems
5.2.2 High entry barriers to new entrants in the electronic warfare systems market
5.2.3 Manufacturing challenges to impede industry growth by delaying deployment and in turn restricting technical evolution
5.3 Opportunities
5.3.1 Growing A2/AD capabilities to drive the demand for EW systems
5.3.2 Asymmetric warfare create demand for UAV with EW capabilities
5.3.3 Incorporation of EW systems onto UAVs to augur new growth opportunities for the sector
5.4 Threats
5.4.1 US and European economic crisis

6 Country Analysis - Electronic Warfare Systems Market
6.1 United States Market Size and Forecast 2015-2025
6.1.1 Electronic protection systems expected to be the largest segment in the US
6.1.2 Demand for Electronic Warfare Support systems expected to increase at a CAGR of 3.06% over the forecast period
6.1.3 Electronic attack systems expected to constitute the third-largest market share in the US
6.2 Russia Market Size and Forecast 2015-2025
6.2.1 Electronic protection to account for the largest segment in Russia
6.2.2 Electronic warfare support to account for second largest segment in Russia
6.2.3 Electronic attack to witness modest growth during the forecast period
6.3 UK Market Size and Forecast 2015-2025
6.3.1 Electronic warfare support to lead EW market in the UK
6.3.2 Market for electronic protection systems in UK to increase over the forecast period
6.3.3 Electronic attack to account for the smallest share in the UK
6.4 France Market Size and Forecast 2015-2025
6.4.1 French electronic protection market to be driven by various military equipment procurement programs
6.4.2 Electronic warfare support to account for 28.2% of the French EW market
6.5 Chinese Market Size and Forecast 2015-2025
6.5.1 Electronic protection systems expected to constitute the largest share
6.5.2 Demand for Electronic Warfare Support systems expected to increase at a CAGR of 4.95% over the forecast period
6.5.3 Demand for electronic attack systems expected to increase at a CAGR of 9.43% over the forecast period
6.6 Indian Market Size and Forecast 2015-2025
6.6.1 Demand for Electronic Warfare Support systems expected to increase at a CAGR of 4.78% over the forecast period
6.6.2 India's electronic protection systems market to witness the second highest spending
6.7 Australian Market Size and Forecast 2015-2025
6.7.1 Electronic protection systems market to witness the highest spending in Australia
6.7.2 Procurement of EA-18G Growler electronic attack aircraft to boost electronic attack capabilities of Australia
6.7.3 Spending on electronic warfare support systems to register a CAGR of 1.24% over the forecast period
6.8 Saudi Arabian Market Size and Forecast 2015-2025
6.8.1 The market for electronic protection systems expected to increase over the forecast period
6.8.2 Electronic warfare support to account for the second largest segment
6.9 Israeli Market Size and Forecast 2015-2025
6.9.1 Spending on electronic protection systems expected lead the market
6.9.2 Electronic warfare support to account for the second largest segment
6.10 Brazilian Market Size and Forecast 2015-2025
6.10.1 Electronic Protection Systems to lead expenditure for Brazilian EW system market
6.10.2 Brazil is expected to spend significantly on electronic warfare support systems
6.11 Chile Market Size and Forecast 2015-2025
6.11.1 Electronic Protection Systems to account for the largest segment of expenditure
6.12.1 Electronic Protection Systems to account for the largest segment of expenditure
6.12.2 Spending on Electronic Warfare Support Systems expected to exhibit a CAGR of 5.41% during the forecast period

7 Major Electronic Warfare Systems Programs
7.1 Electronic Protection Systems
7.1.1 US - Surface Electronic Warfare Improvement Program (SEWIP) Program
7.1.2 US - Eagle Passive Active Warning Survivability System (EPAWSS)
7.1.3 Turkey - Advanced Integrated Defensive Electronic Warfare Suite (AIDEWS) systems
7.2 Electronic Attack Systems
7.2.1 US - EA-18G Growler Attack Aircraft
7.2.2 Australia - EA-18G Growler Attack Aircraft
7.2.3 Russia - Mi-8MTPR-1 Electronic Warfare (EW) Helicopters
7.3 Electronic Support Systems
7.3.1 US - Support for Intelligence and Information Warfare Directorate
7.3.2 UK - SIGINT Capability Enhancement Program (Landseeker)
7.3.3 India - AWACS development program

8 Competitive Landscape and Strategic Insights
8.1.1 BAE Systems Plc.: overview
8.1.2 BAE Systems Plc.: products and services
8.1.3 BAE Systems: alliances
8.1.4 BAE Systems: recent contract wins
8.1.5 BAE Systems Plc.: financial analysis
8.1.6 Exelis Inc.: Overview
8.1.7 Exelis: Products and Services
8.1.8 Exelis: Alliances
8.1.9 Exelis: Recent Contract Wins
8.1.10 Exelis: Financial Analysis
8.1.11 Elbit Systems: Overview
8.1.12 Elbit Systems: Products and services
8.1.13 Elbit Systems: alliances
8.1.14 Elbit Systems: Recent contract wins
8.1.15 Elbit Systems: Financial analysis
8.1.16 Lockheed Martin: Overview
8.1.17 Lockheed Martin: Products and Services
8.1.18 Lockheed Martin: Alliances
8.1.19 Lockheed Martin: Recent Contract Wins
8.1.20 Lockheed Martin: Financial Analysis
8.1.21 Raytheon: Overview
8.1.22 Raytheon: Products and Services
8.1.23 Raytheon: Alliances
8.1.24 Raytheon: Recent Contract Wins
8.1.25 Raytheon: Financial Analysis
8.1.26 Northrop Grumman: Overview
8.1.27 Northrop Grumman: Products and services
8.1.28 Northrop Grumman: Recent contract wins
8.1.29 Northrop Grumman: Financial analysis
8.1.30 Boeing: Overview
8.1.31 Boeing: Products and Services
8.1.32 Boeing: Recent Contract Wins
8.1.33 Boeing: Financial Analysis
8.1.34 Cobham Plc: Overview
8.1.35 Cobham Plc: Products and Services
8.1.36 Cobham Plc: Recent Contract Wins
8.1.37 Cobham Plc: Financial Analysis
8.1.38 Tata Power SED: Overview
8.1.39 Tata Power SED: Products and Services
8.1.40 Tata Power SED: Recent Contract Wins
