Global Battlefield Management Systems Market 2016-2020

Description: About Battlefield Management Systems

A battlefield management system (BMS) provides the military unit with an integrated common operating picture (COP) that utilizes collaborative planning tools to enhance decision-making skills of the troops. This system provides the flexibility to manage and control events at combat level and also increases the probability for the mission success.

The main purpose of BMS is to provide real-time tactical information of the battlefield to increase the survivability of troops. BMS comprises the following:

- Command and control information system
- Integrated with weapon platforms, sensors, and decision-making tools

Analysts forecast the global battlefield management systems market to grow at a CAGR of 3.54% during the period 2016-2020.

Covered in this report

The report covers the present scenario and the growth prospects of the global battlefield management systems market for 2016-2020. It provides a global overview, market shares and segmentation by systems, and growth prospects by region (APAC, EMEA, and the Americas). It also presents the market landscape and a corresponding analysis of the prominent vendors in the market.

This report, Global Battlefield Management Systems Market 2016-2020, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors

- Harris
- Lockheed Martin
- Northrop Grumman
- Rockwell Collins
- Thales

Other prominent vendors

- Cobham
- General Dynamics
- Raytheon
- Rolta India Ltd.

Market drivers

- Modernization of military vehicles
- For a full, detailed list, view the full report

Market challenges

- Interoperability challenges
- For a full, detailed list, view the full report

Market trends

- Increase in research and development activities
Key questions answered in this report

- What will the market size be in 2020 and what will the growth rate be?
- What are the key market trends?
- What is driving this market?
- What are the challenges to market growth?
- Who are the key vendors in this market space?
- What are the market opportunities and threats faced by the key vendors?
- What are the strengths and weaknesses of the key vendors?

Contents:

PART 01: Executive summary
- Highlights

PART 02: Scope of the report
- Market overview
- Top-vendor offerings

PART 03: Market research methodology
- Research methodology
- Economic indicators

PART 04: Introduction
- Key market highlights

PART 05: Market landscape
- Market overview
- Market size and forecast
- Five forces analysis

PART 06: Global aerospace and defense supply chain system

PART 07: Global aerospace and defense value chain system

PART 08: Market segmentation by system
- Global battlefield management systems market by system
- Global battlefield management systems market for communication network systems
- Global battlefield management systems market for dismounted soldier tracking
- Global battlefield management systems market for tracked and armored vehicles
- Global battlefield management systems market for commander systems and BMS software

PART 09: Geographical segmentation
- Geographical segmentation of global battlefield management systems market 2015-2020
- Battlefield management systems market in Americas
- Battlefield management systems market for EMEA
- Battlefield management systems market for APAC

PART 10: Key leading regions

PART 11: Market drivers
- Modernization of military vehicles
- Demand for automated systems
- Growing demand for unmanned aerial vehicles

PART 12: Impact of drivers

PART 13: Market challenges
- Issues with battlefield management systems
- Interoperability challenges
- Reduction in defense budgets
PART 14: Impact of drivers and challenges

PART 15: Market trends
- Shift toward C2BMC
- Increase in research and development activities
- Innovation in technology
- Utilization of commercial off-the-shelf components

PART 16: Vendor landscape
- Competitive scenario

PART 17: Key vendor analysis
- Harris
- Lockheed Martin
- Northrop Grumman
- Rockwell Collins
- Thales
- Other prominent vendors

PART 18: Appendix
- List of abbreviation
