Thailand Midstream Oil and Gas Industry Outlook to 2020: Market Forecasts for Liquefied Natural Gas (LNG), Oil Storage, Pipelines and Gas Processing

Description:

Thailand Midstream Oil and Gas Industry Outlook to 2020: Market Forecasts for Liquefied Natural Gas (LNG), Oil Storage, Pipelines and Gas Processing

Summary

"Thailand Midstream Oil and Gas Industry Outlook to 2020: Market Forecasts for Liquefied Natural Gas (LNG), Oil Storage, Pipelines and Gas Processing" is a comprehensive report on midstream oil and gas industry in Thailand. The report provides oil production, consumption, exports and imports from 2000 to 2020. The report also provides natural gas production, consumption and imports from 2000 to 2020. It also provides historic oil and gas reserves for the period 2000 to 2014. Further, the report provides details such as name, type, operational status and operator for all active and planned (new build) LNG terminals, oil storage terminals, major trunk pipelines and gas processing plants in Thailand till 2020. Further, the report also offers recent developments, financial deals as well as latest contracts awarded in the country's midstream sector.

Scope

- Historic and forecast of oil data related to production, consumption, exports and imports for the period 2000-2020, and reserves for the period 2000-2014
- Historic and forecast of natural gas data related to production, consumption and imports for the period 2000-2020, and reserves for the period 2000-2014
- Updated information related to all active and planned LNG terminals, oil storage terminals, major trunk pipelines and gas processing plants in the country, including operator and equity details
- Key mergers and acquisitions, partnerships, private equity and initial public offerings in the country's midstream oil and gas industry, where available
- Latest developments, financial deals and awarded contracts related to midstream oil and gas industry in the country

Reasons to buy

- Gain a strong understanding of the country's energy sector and midstream oil and gas industry
- Facilitate decision making on the basis of strong historic and forecast of production, reserves and capacity data
- Assess your competitor's major LNG terminals, oil storage terminals, major trunk pipelines and gas processing plants in the country
- Analyze the latest developments, financial deals and awarded contracts related to the country's midstream oil and gas industry
