A Practical Approach to Veterinary Vaccine Development and Registration in the EU (London, UK - October 11-12, 2016)

Description: The Practical Approach to Veterinary Vaccine Development and Registration in the EU meeting has been designed to give practical advice and guidance on how to successfully develop market approval in the EU. The programme will take participants through a step-by-step approach to the process and will also provide key guidance on how to maintain MA once achieved. The workshops will assist delegates to gain a better understanding of the requirements in practice. There will be ample time for discussion during the two days.

Benefits of Attending:

- Establish what data you need to generate for your application and how to present the data in your dossier
- Clarify how to submit your dossier for Market Approval (MA)
- Understand how to maintain your MA review process
- Know to maintain your MA's once you have them
- Consider the implications of the forthcoming review of the Veterinary Medicines Regulation

* Please note, events may be cancelled due to commercial or organisational reasons. In this case Research and Markets will refund all registration fees which have already been paid. Research and Markets will not refund any charges arising from the participant having to cancel or re-book transportation or accommodation which he or she has arranged.
