Global Precious Metals Market 2015-2019

Description:

About Precious Metals

The global precious metals market is expected to grow at a rapid pace during the forecast period, driven by increased sales of jewelry, consumer electronics, and automobiles. India dominated the market in 2014, followed by China and the US because the combined seasonal demand and strengthening currency could augment the demand for the precious metal.

The analysts forecast the global precious metals market to grow at a CAGR of 4.01% during the period 2015-2019.

Covered in this report

The report covers the present scenario and the growth prospects of the global precious metals market for 2014-2019. To calculate the market size, the report considers revenue generated from the sales of precious metals in various industries and for experimental and laboratory use. The report considers the total quantity of precious metals utilized in various end-use sectors to calculate the market size.

The market is divided into the following segments based on metal type:

- Gold
- Silver
- Palladium
- Platinum

The report, Global Precious Metals Market 2015-2019, has been prepared based on an in-depth market analysis with inputs from industry experts. The report covers the market landscape and its growth prospects over the coming years. The report also includes a discussion of the key vendors operating in this market.

Key vendors
