Practical Leadership in Community Colleges. Navigating Today's Challenges

Description:

PRAISE FOR PRACTICAL LEADERSHIP IN COMMUNITY COLLEGES

"For both current and aspiring leaders, Practical Leadership in Community Colleges offers a highly effective balance of historical, contextual, and practical information. This book will help prepare campuses for what many foresee as perpetual and often dramatic change."

Walter G. Bumphus, president and CEO, American Association of Community Colleges

"This book serves as a field guide for current presidents already immersed in the fray, as well as a primer and reality check for anyone who aspires to become a community college president. For both groups it is a must-read."

Rob Jenkins, "Two-Year Track" columnist for The Chronicle of Higher Education; author of Building a Career in America's Community Colleges

"As George Boggs and Christine McPhail point out in this important book, American community colleges are on the brink of massive changes nationwide. The authors' balanced approach to presenting existing challenges and opportunities for the next generation of colleges and their leaders is refreshing."

Eduardo J. Padrón, president, Miami Dade College

"This is a 'must-read' for community college leaders everywhere. Written by two national leaders with more than seventy years of leadership experience and success in community colleges, the book addresses the issues and challenges facing today's and tomorrow's community colleges."

John E. Roueche, president, Roueche Graduate Center, National American University

"Practical Leadership in Community Colleges is an extraordinary work. It offers models, case studies, and practical advice on some very thorny issues leaders face. It should become the desk manual for community college leaders across the nation."

Terry O'Banion, chair of the graduate faculty, National American University, and president emeritus, League for Innovation in the Community College
