Brain Metastases from Primary Tumors, Volume 3

Description: Brain Metastases from Primary Tumors Volume Three: Epidemiology, Biology, and Therapy of Melanoma and Other Cancers provides a comprehensive overview of the metastasis of cancer, the main cause of approximately 90% of cancer associated deaths, yet the mechanisms governing this clinically important process remain poorly understood.

Melanoma is the third most common diagnosis among patients with brain metastases, after lung and breast cancer. Approximately 75% of patients with metastatic melanoma develop brain metastases during the course of their disease. Although tumorigenesis of melanoma remains poorly understood, recent advances in gene expression profiling have revealed molecular mechanisms of this deadly disease. In addition, high-throughput gene expression has many advantages over techniques in cancer transcriptomic studies and has led to the discovery of numerous diagnostic, prognostic, and therapeutic targets, which are also detailed in this book.

The book discusses the link between primary tumors and brain metastasis of melanoma, including molecular mechanisms, treatment options, prognosis, and general applications. Comprehensive chapters discuss systemic therapy, integrin inhibitors, stereotaxic radiosurgery, and more, making this book a great resource for neurooncologists, neurosurgeons, neurologists, and cancer researchers.

- Presents the only comprehensive reference detailing the link between primary cancers and brain metastases in melanoma
- Aids the target audience in discussing various treatment options for patients with brain metastases from melanoma
- Edited work with chapters authored by leaders in the field around the globe - the broadest, most expert coverage available

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:

Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:

Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
