Melexis MLX90809 Relative Pressure Sensor - Complete Tear-Down Analysis

Description: The MLX90809 is an integrated relative pressure sensor for industrial and automotive applications in harsh environments. It operates over temperatures ranging from -40°C to 150°C and pressures between 0 and 1 bar, with an accuracy of 1.5%. The circuit is available with analog or digital SENT protocol output.

It is easy to use, factory calibrated, fully programmable and integrates analog functions like voltage regulators. The internal diagnostic functions ensure that measurement accuracy is maintained over the time.

Melexis uses smart packaging that is cheap and easy to integrate into a system. The relative pressure measurement uses a soft coating rather than complex packaging with manifolds. The coating protects the silicon die while allowing movement of the membrane.

The MLX90809 is the second generation integrated relative pressure sensor from Melexis. The company has more than 10 years’ experience in pressure sensors and more than 20 years’ experience in MEMS interface ICs.

This report presents a detailed analysis of the sensor structure and its cost.

Contents:

1. Glossary

2. Overview / Introduction
   - Executive summary
   - MLX90809

3. Company profile
   - Melexis
   - X-Fab

4. Physical analysis
   - Physical analysis methodology
   - Package
     -- Package
     -- Package opening
     -- Wire bonding
     -- Package cross-section
   - Pressure sensor die
     -- Sensor die view and dimensions
     -- Pressure sensor views
     -- Pressure sensor delayering and main blocks
     -- Membrane
     -- Piezo-resistors
     -- Pressure sensor cross-section
     -- Sensor die process characteristic

5. Sensor Manufacturing Process
   - Sensor Die Front-End Process and Fabrication Unit
   - Pressure Sensor Die Process
   - Packaging Process and Fabrication unit

6. Cost Analysis
   - Synthesis of the Cost Analysis
   - Main Steps of Economic Analysis
   - Yield Explanation and Hypotheses
   - Sensor Die
-- CMOS Wafer Front-End Cost
-- Back Side Process Wafer Cost
-- Back Side Process Step Cost
-- Probe Test and Dicing
-- Sensor Die Wafer Cost
-- Sensor Die Cost
-- Packaged Component
-- Packaging Cost
-- Back End: Final Test
-- Component Cost

Ordering:

Order Online - http://www.researchandmarkets.com/reports/3641382/

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: Melexis MLX90809 Relative Pressure Sensor - Complete Tear-Down Analysis
Web Address: http://www.researchandmarkets.com/reports/3641382/
Office Code: SCH3EZKJ

Product Format
Please select the product format and quantity you require:

Quantity
Electronic (PDF) - Enterprisewide: ☐ USD 3838

Contact Information
Please enter all the information below in BLOCK CAPITALS

Title: ☐ Mr ☐ Mrs ☐ Dr ☐ Miss ☐ Ms ☐ Prof ☐
First Name: ___________________________ Last Name: ___________________________
Email Address: * ___________________________
Job Title: ___________________________
Organisation: ___________________________
Address: ___________________________
City: ___________________________
Postal / Zip Code: ___________________________
Country: ___________________________
Phone Number: ___________________________
Fax Number: ___________________________

* Please refrain from using free email accounts when ordering (e.g. Yahoo, Hotmail, AOL)
Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:

Account number: 833 130 83
Sort code: 98-53-30
Swift code: ULSBIE2D
IBAN number: IE78ULSB9853308313083
Bank Address: Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
