Pyrantel Parasiticide Therapy in Humans and Domestic Animals

Description: Pyrantel Parasiticide Therapy in Humans and Domestic Animals presents a single source history and reference on the parasiticide activity and pharmacology of the tetrahydropyrimidines and their salts in humans and domestic animals, also collating evidence that resistance to pyrantel has developed in human and domestic animal nematodes.

Other books of this nature have been compiled historically for specific anthelmintic compounds, but none has been written to date for the pyrantel family of drugs. Pyrantel, a nicotinic receptor agonist, has been used in domestic animal and human medicine since the 1970's to control two important nematode groups, the hookworms and the roundworms.

Given the zoonotic potential of these parasites, pyrantel has served a dual role in helping to protect the health of both domestic animals and the public for more than 45 years.

- Easy-to-use reference guide on the anthelmintic pyrantel for clinicians, parasitologists, and researchers in human and veterinary medicine
- Addresses current issues of resistance, along with combination uses against anthelmintic resistant parasites
- Presents useful, authoritative information (chemical, pharmaceutical, clinical, etc.) for the pyrantel family of compounds
- Includes a discussion on pyrantel's potential role in combination therapies
- Provides cutting-edge material, and will be an evolving area of scientific discussion of treatment options in the future

Contents:
Preface
Introduction
History of the Discovery and Chemistry of Pyrantel, Oxantel, and Morantel
Pharmacology and Anthelmintic Resistance
Safety of Pyrantel, Oxantel and Morantel
Formulations and Clinical Uses of Pyrimidine Compounds in Domestic Animals
Pyrantel in Human Anthelmintic Therapy
Unmet needs and Concluding Remarks

Order by Fax - using the form below
Order by Post - print the order form below and send to
Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: Pyrantel Parasiticide Therapy in Humans and Domestic Animals  
Web Address: http://www.researchandmarkets.com/reports/3642483/  
Office Code: SCPLT77J

Product Format
Please select the product format and quantity you require:

| Quantity | Hard Copy (Paper back) | USD 74 + USD 28 Shipping/Handling |

* Shipping/Handling is only charged once per order.

Contact Information
