The Directory of Venture Capital & Private Equity Firms 2016

Description: This useful resource has experienced over a decade of success, bringing together both venture capital and private equity organizations into one comprehensive directory. This new edition has been extensively updated, offering valuable, current, and detailed information to individuals, entrepreneurs, and businesses worldwide.

This 2016 edition of The Directory of Venture Capital & Private Equity Firms is the most current, comprehensive picture of this dynamic industry to date, and includes over 300 new firms and over 1,000 new partners. These numbers bring the total number of firms to over 3,000 firms, over 1,000 branches, and over 12,000 partners. In addition, users will find more than 15,000 portfolio companies listed.

The Directory of Venture Capital & Private Equity Firms is organized into four major sections: Domestic Firms, Canadian Firms, Domestic Associations, and International Firms, each of which are listed alphabetically by name. All domestic, Canadian, and international profiles include: a mission statement, industry group preferences, portfolio companies, geographic preferences, average and minimum investments, and investment criteria. Each firm's partners are listed with extensive background information, such as education (including degree and school), professional background (including previous positions and companies), and directorships held. The specificity of both the firm and its partners add to the value of each firm's profile. Information for firms headquartered overseas includes name, phone, fax, email and website.

This directory also contains five valuable indexes:

College/University Index: Offers an alphabetical list of nearly 800 educational institutions worldwide - and the venture capital executives who attended them. Each listing includes the reference number of the affiliated VC firm of the executive listed.

Executive Index: An alphabetical list by last name of the more than 12,000 key partners and the listing number of their affiliated firm.

Geographic Index: Organizes all firms by state for domestic listings and by country for international listings.

Industry Preference Index: Alphabetically lists the more than 200 industry segments and the names of the firms that invest in them.

Portfolio Companies Index: Alphabetically lists the more than 15,000 companies that received venture capital from a listed firm, and is referenced to that listing.
