Detailed analysis of companies, their strategies, capacities, new projects and market shares are provided for each of the LNG companies in China LNG industry. Further, all recent news and latest developments are analyzed along with their possible impact on the future of China LNG markets.

Scope
- Top five Trends in LNG markets
- Forecasts of Supply/demand, LNG capacity, trains/vaporizers, storage capacity, storage tanks, contracted vs available capacity, from 2005 to 2022
- LNG investment market analysis and business focus
- Details of new opportunities, trade volumes, shipping distances, market concentration and new entrants scope
- LNG SWOT Analysis and Benchmarking with other Regional LNG markets
- Planned greenfield LNG Terminals and expansion projects with details of current status, expected start up, capital investment, construction companies and capacities
- Long and Medium Term LNG contracts signed by LNG companies
- Operational and planned Terminal details- basic (start up, location, type), capacity (liquefaction/Regasification, contracted, storage), Company (operator, owners), Construction (technology, constructor, capex)
- Company wise liquefaction/Regasification capacity outlook- 2005 to 2022
- Profiles of three leading LNG companies with analysis of LNG, oil and gas, financials, SWOT and contacts
- Recent News, Events and market Developments Landscape
