Software in Denmark

Description: The Software in Denmark industry profile is an essential resource for top-level data and analysis covering the Software industry. It includes data on market size and segmentation, plus textual and graphical analysis of the key trends and competitive landscape, leading companies and demographic information.

Scope

- Contains an executive summary and data on value, volume and/or segmentation
- Provides textual analysis of Software in Denmark's recent performance and future prospects
- Incorporates in-depth five forces competitive environment analysis and scorecards
- Includes a five-year forecast of Software in Denmark
- The leading companies are profiled with supporting key financial metrics
- Supported by the key macroeconomic and demographic data affecting the market

Highlights

- Detailed information is included on market size, measured by value and/or volume
- Five forces scorecards provide an accessible yet in depth view of the market's competitive landscape

Why you should buy this report

- Spot future trends and developments
- Inform your business decisions
- Add weight to presentations and marketing materials
- Save time carrying out entry-level research

Market Definition

The computer software market consists of systems and application software. Systems software comprises operating systems, network and database management, development tools and programming languages, and other systems software. Application software comprises general business productivity and home use applications, cross-industry and vertical market applications, and utilities and other application software. Market value figures are assessed at manufacturer selling price (MSP), based on revenues from software sales and licenses. Any currency conversions used in the creation of this report have been calculated using constant 2007 annual average exchange rates. For the purpose of this report Europe is deemed to comprise of Belgium, the Czech Republic, Denmark, France, Germany, Hungary, Italy, Netherlands, Norway, Poland, Romania, Russia, Spain, Sweden, the Ukraine and the United Kingdom.
