Psychiatric Drugs Explained. Edition No. 6

Description: Now in its sixth edition, and written by an author internationally recognised in his field, Psychiatric Drugs Explained offers a wealth of information in a handy easy-to-use format. Organised by disorder, and providing a comprehensive review of drug effects, action and side-effects, this fully updated new edition covers the latest drugs on the market, and explores changes in prescribing practice.

The author's approach is distinctive and reader-friendly, to help guide mental health professionals through the benefits and impacts of psychotropic drugs. Additional topics include management of disorders including stimulants and drugs for children, cognitive impairment and sleep disorders.
