BOSCH Sensortec BMF055: Technology and Cost Comparison

Description:

Like its competitor InvenSense, BOSCH Sensortec has unveiled a programmable all-in-one motion sensor for robotics, gaming, and household IoT devices, touted as the industry's first custom-programmable 9-axis motion sensor.

The BMF055 is a new version of the BOSCH Sensortec 9-axis device (3-axis Gyroscope + 3-axis Accelerometer + 3-axis Magnetometer), with a MCU included in the package. Compared to the stand-alone sensor hub, this new approach eliminates a package and reduces system-level power. This device integrates six-chip in a complex System-in-Package.

The sensor hub combines a 14-bit accelerometer, a 16-bit gyroscope, and a geomagnetic sensor with a 32-bit ARM Cortex M0+ core. Compared to rivals, BOSCH Sensortec targets a broader range of customer applications with a high precision-sensor and dedicated MCU.

With BOSCH Sensortec's approach, the MEMS sensor and the ASIC are fabricated separately. Final assembly entails wire bonding of all parts. The BMF055 is shipped in a 5.8×3.2×1.15mm LGA package, a footprint that's larger than the competition.

This report features a detailed technology and cost comparison with the leading-edge sensor hub from InvenSense, highlighting the different choices from the two different designers.

Contents:

Overview / Introduction

Bosch Company Profile

Physical analysis

- Package
  -- Package characteristics: view, dimensions, and opening
  -- Package cross-section

- ASIC Dies
  -- View, dimensions, and markings
  -- Delayering and main blocks ID
  -- Cross-section
  -- Process characteristics

- MEMS Dies
  -- View, dimensions, and markings
  -- Bond pad opening and bond pad
  -- MEMS cap removed and details
  -- Sensing area details
  -- MEMS cross-section
  -- MEMS process characteristics

- MCU Die
  -- View, dimensions, and markings
  -- Delayering and main blocks ID
  -- Process and die cross-section
  -- Die process characteristics

- Magnetometer Die
  -- View, dimensions, and markings
  -- Hall sensor and fluxgate sensor
  -- Delayering and main blocks ID
-- Process and die cross-section
-- Die process characteristics

Manufacturing Process Flow

- Global overview
- ASIC front-end process
- MEMS process flow
- Magnetometer process flow
- ASIC, MEMS, and MCU wafer fabrication unit
- Packaging process flow and assembly unit

Cost Analysis

- Main steps of economic analysis
- Yields hypotheses
- ASIC & MCU front-end cost
- ASIC & MCU back-end 0: probe test and dicing
- ASIC & MCU wafer & die cost
- MEMS front-end cost
- MEMS front-end cost per process steps
- MEMS back-end 0: probe test and dicing
- MEMS wafer and die cost
- Magnetometer CMOS front-end cost
- Magnetometer sensor cost
- Magnetometer sensor cost per process steps
- Magnetometer back-end 0: probe test and dicing
- Magnetometer wafer and die cost
- Back-end: packaging cost
- Back-end: packaging cost per process steps
- Back-end: final test cost
- Component cost and price

Cost & price comparison with InvenSense ICM-30630 6-Axis Sensor Hub

Ordering:

Order Online - http://www.researchandmarkets.com/reports/3715519/

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:

Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer:

Please transfer funds to:

Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
