Qualcomm WCD9335: Technology and Cost Comparison

Description:
Qualcomm, a world leader in mobile technologies, offers the new Snapdragon 820, a complete chipset currently powering or in-development with more than 100 smartphones worldwide. The U.S. versions of Samsung's latest flagship phones, the Galaxy S7 and Galaxy S7 Edge, integrate the Snapdragon 820 chipset. In this chipset, we discovered for the first time a Qualcomm component featuring Fan-Out Wafer-Level Packaging (FOWLP): the Qualcomm Audio Codec WCD9335.

Located on the smartphone's main board, the audio codec chip's presence in the Samsung Galaxy S7 and S7 Edge depends on the smartphone version. The international version, featuring an Exynos chipset, integrates the audio codec chip from Cirrus Logic. The U.S. version, featuring the Snapdragon 820 chipset, integrates the audio codec from Qualcomm.

The Qualcomm WDC9335 is wafer-level packaged with fan-out technology. This is still relatively rare in the smartphone market but is expected to spread quickly. The FOWLP technology used is the eWLB, licensed by Intel/Infineon to several OSATs including ASE Group, Nanium, and STATS ChipPAC.

Thanks to this FOWLP process, Qualcomm is able to propose a very small die independent of the area required by the I/O pads. The result is a very cost-effective component that can compete with a standard fan-in WLP technology.

This report includes a comparison with the audio codec solution from Cirrus Logic for the international version, which uses a standard fan-in WLP technology. It also features comparisons with FOWLP technologies like RCP from NXP/nepes, and eWLB 1st-generation from Infineon.

Contents:
Overview/Introduction

Company Profile & Supply Chain

Physical Analysis

Physical Analysis Methodology

- Samsung Galaxy S7 Teardown
  -- Component removal
- Fan-Out Packaging Analysis
  -- Package view, dimensions & marking
  -- Fan-out package cross-section
  -- Fan-out package process
- Die Analysis
  -- Die view, dimensions & marking
  -- Die cross-section
  -- Die process

Manufacturing Process Flow

- Chip Fabrication Unit
- eWLB Fabrication Unit
- eWLB Process Flow

Cost Analysis

- Synthesis of the Cost Analysis
- Die Cost Analysis
  -- Wafer front-end cost
  -- Probe test cost
-- Die cost
- EWLBA Cost Analysis
-- EWLBA wafer cost
-- EWLBA cost per process step
- Component Cost

Cost Analysis Simulation Without EWLBA Packaging

- Die cost
- WLP package cost
- Component cost comparison

Estimated Price Analysis

- Manufacturer Financial Ratios
- Estimated Sales Price

Technology and Cost Comparison with Infineon’s EWLBA and NXP’s RCP

Ordering:
Order Online - [http://www.researchandmarkets.com/reports/3715520/](http://www.researchandmarkets.com/reports/3715520/)

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: Qualcomm WCD9335: Technology and Cost Comparison
Web Address: http://www.researchandmarkets.com/reports/3715520/
Office Code: SC2GJBU4

Product Format
Please select the product format and quantity you require:

<table>

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:

Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
