Global Stone Processing Market Size, Market Share, Application Analysis, Regional Outlook, Growth Trends, Key Players, Competitive Strategies and Forecasts, 2012 To 2022

Description: Limestone, granite, traprock, dolomite and quartz are the major rock types which are processed by the crushed stone industry. Natural stone processes, use a multi-stage crushing process for producing defined grain size from large lumps of rock. Stone processing has gained high importance in the market. Stone processing tools and adhesives are used on a large scale in the construction industry which has led to strong growth is reported for stone processing tools from the construction industry. Growing population has led to high demand for construction activities worldwide. Hence, high demand is reported for stone processing tools and adhesives from the construction industry.

Diamond tools accounted for the major share of about more than 30% of global stone processing market. The diamond tools are expected to be the fastest growing segment due to its advantageous properties. It is proved to be a better tool in stone cutting in comparison to other tools available in the market. The high grinding efficiency of diamond tools is the major factor driving its growth in the market. Other tools such as abrasives and carbide are also projected to boost market demand for stone processing market in the near future.

On the basis of adhesives, stone processing market is segmented into sealants, mastics and others among which sealants dominated the global stone processing market in 2016. Sealants are chemical elements which are used to make the surface airtight and watertight to avoid emission of solids, gases and liquids. Hence, these are used on a large scale for various applications in the end-user industries. Construction industry dominates the market in terms of demand of sealants. Other adhesives such as mastics are also anticipated to fuel demand for stone processing market during the forecast period from 2016 to 2022.

Stone processing market was valued at US$ 4.02 Bn in 2014 and is expected to reach US$ 10.3 Bn by 2022, growing at a CAGR of 8.6% during the forecast period 2016-2021.

Stone Processing Market

Purpose of the Report:

The purpose of this strategic research study titled “Global Stone Processing Market - Growth, Share, Opportunities, and Competitive Analysis, 2015 - 2022” is to provide company executives, industry investors, and industry participants with in-depth insights to enable them make informed strategic decisions regarding the opportunities in the global stone processing market.

Target Audience:

- Industry Investors
- Stone Processing Providers/Vendors
- Research Professionals
- Emerging Companies
- Raw Material Suppliers/ Buyers
- Product Suppliers/ Buyers
- Research Institutes

USP and Key Offerings:

The report titled “Global Stone Processing Market - Growth, Share, Opportunities, and Competitive Analysis, 2015 - 2022” offers strategic insights into the global stone processing market along with the market size and estimates for the duration 2015 to 2022. The said research study covers in-depth analysis of multiple market segments based on tools, adhesives and cross-sectional study across different geographies. In order to help strategic decision makers, the report also includes competitive profiling of the leading stone processing vendors, their expansion strategies, market positioning, and latest developments. Other in-depth analyses
provided in the report include:

- Current and future market trends to justify the forthcoming attractive markets within stone processing industry
- Market fuelers, market impediments, and their impact on the market growth
- In-depth competitive environment analysis
- Trailing 2-Year market size data (2013 - 2014)
- SRC (Segment-Region-Country) Analysis

Overall, the research study provides a holistic view of the global stone processing market, of growth, offering market size and estimates for the period from 2015 to 2022, keeping in mind the above mentioned factors.
5.2 TORNADO ANALYSIS FOR STONE PROCESSING ADHESIVES MARKET
5.3 MASTICS
5.3.1 Global Stone Processing Market Revenue for Mastics, 2013 - 2022, (US$ Mn)
5.4 SEALANTS
5.4.1 Global Stone Processing Market Revenue for Sealants, 2013 - 2022, ($ Million)
5.5 OTHERS (SYNTHETIC WAX, ETC.)
