Marine Propulsion Engine Markets in Eastern Europe to 2020 - Market Size, Development, and Forecasts

Description: The report package Marine Propulsion Engine Markets in Eastern Europe to 2020 - Market Size, Development, and Forecasts offers the most up-to-date industry data on the actual market situation, and future outlook for marine propulsion engines in different Eastern European countries. The package includes marine propulsion engine country reports from the following countries:

Bulgaria, Czech Republic, Estonia, Georgia, Greece, Latvia, Lithuania, Poland, Romania, Slovakia, Turkey

The research includes historic data from 2009 to 2015 and forecasts until 2020 which makes the reports an invaluable resource for industry executives, marketing, sales and product managers, consultants, analysts, and other people looking for key industry data in readily accessible documents with clearly presented tables and graphs.

The reports help answer the following questions:

- What is the current size of the marine propulsion engine market in different Eastern European countries?
- How is the marine propulsion engine market divided into different product segments?
- How are the overall market and different product segments growing?
- How is the market predicted to develop in the future?
- What is the market potential compared to other countries?

The latest industry data included in the reports:

- Overall marine propulsion engine market size, 2009-2020
- Marine propulsion engine market size by product segment, 2009-2020
- Growth rates of the overall marine propulsion engine market and different product segments, 2009-2020
- Shares of different product segments of the overall marine propulsion engine market, 2008, 2014 and 2019
- Market Potential Rates of the overall marine propulsion engine market and different product segments

The market data is given for the following product segments:

Outboard marine propulsion spark-ignition engines
Other marine propulsion spark-ignition engines
Marine propulsion diesel engines

Among the key reasons to purchase include the following:

- Gain an outlook of the historic development, current market situation, and future outlook of the marine propulsion engine market in different Eastern European countries to 2020
- Track industry developments and identify market opportunities
- Plan and develop marketing, market-entry, market expansion, and other business strategies by identifying the key market opportunities and prospects
- Save time and money with the readily accessible key market data included in the reports. The data is clearly presented and can be easily incorporated into presentations and internal reports.

Contents: This industry report package includes country reports from the following countries:

Bulgaria, Czech Republic, Estonia, Georgia, Greece, Latvia, Lithuania, Poland, Romania, Slovakia, Turkey

Below you can find the table of contents for one of the reports. All the reports have a similar structure and content so that different countries can be easily compared with each other.

1. Market for Marine Propulsion Engines in the Country in Question
   Overall Market
Market by Type
Outboard marine propulsion spark-ignition engines
Other marine propulsion spark-ignition engines
Marine propulsion diesel engines
2. Forecasts and Future Outlook
Overall Market
Market by Type
Outboard marine propulsion spark-ignition engines
Other marine propulsion spark-ignition engines
Marine propulsion diesel engines
3. Market Potential Rates
4. Marine Propulsion Engine Market Size Compared to Market Growth in Different Countries
5. Market Definition
6. Methodology and Sources
7. About Global Research & Data Services
