The global sugar toppings market is projected to reach USD 6.93 billion by 2021, at a CAGR of 6.0% between 2016 and 2021. This growth is mainly attributed to the rising consumption of confectioneries, growth in the consumption of low-sugar topping products in Europe, marketing of breakfast syrups and beverage sauces in the Asian market, and the rising demand of sugar toppings from emerging markets such as China, India, Brazil, and the Middle East.

“Wet type segment to grow at the highest CAGR during the forecast period”
