Data Science With Python

Description:
Today, we live in a world of connected things where tons of data is generated and it is humanly impossible to analyze all the incoming data and make decisions. Human decisions are increasingly replaced by decisions made by computers!

Data science has penetrated deeply in our connected world and there is a growing demand in the market for people who not only understand data science algorithms thoroughly, but are also capable of programming these algorithms. Being able to efficiently work with small or large datasets has become a valuable skill.

Python as a programming language has evolved over the years and today, it is the number one choice for a data scientist. The reason for its popularity is that it allows us to forget about the tedious parts of programming and offers us an environment where we can quickly jot down our ideas and put concepts directly into action.

Through this bundle, build a team of efficient data science practitioners by thoroughly understanding the key concepts of Python.

The following are the topics that you'll learn in this comprehensive bundle:
- Understanding the fundamentals of Python
- Exploring the world of data science
- Discover effortless strategies for cleaning, organizing, and manipulating your data
- Learning to use Python libraries for effective and efficient data analysis
- Creating attractive visualization using Python libraries
- Exploring GIS and remote sensing analysis
- Harnessing the power of Python to analyze data and create insightful predictive models
- Mastering the techniques of machine learning to deliver insights for complex projects
- This course includes all the resources that will help you jump into the world of data science through Python and learn how to make sense of data

Contents:
1. Python Essentials
2. Learning Python
3. Beginning Python [Video]
4. Python Data Science Essentials
5. Mastering Python for Data Science
6. Clean Data
7. Getting Started with Python Data Analysis
8. Python Data Analysis
10. Mastering Python Data Visualization
11. Python Data Visualization Cookbook
12. Learning Data Mining with Python
13. Python Machine Learning
Ordering:

Order Online - http://www.researchandmarkets.com/reports/3736637/

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: Data Science With Python
Web Address: http://www.researchandmarkets.com/reports/3736637/
Office Code: SCPLYNTO

Product Format
Please select the product format and quantity you require:

<table>
<thead>
<tr>
<th>Quantity</th>
<th>E-Book (PDF) - Site License: USD 8495</th>
</tr>
</thead>
</table>

Contact Information
Please enter all the information below in BLOCK CAPITALS

Title: Mr [ ] Mrs [ ] Dr [ ] Miss [ ] Ms [ ] Prof [ ]
First Name: ______________________ Last Name: ______________________
Email Address: * ______________________
Job Title: ______________________
Organisation: ______________________
Address: ______________________
City: ______________________
Postal / Zip Code: ______________________
Country: ______________________
Phone Number: ______________________
Fax Number: ______________________

* Please refrain from using free email accounts when ordering (e.g. Yahoo, Hotmail, AOL)
Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
