Global Brominated and Chlorinated Flame Retardant Chemical Market: 2015-2020

Description: The global brominated and chlorinated flame retardants are primarily used in the electrical and electronics; transportation; and building and construction industries. The Asia-Pacific region dominates the global brominated and chlorinated flame retardant markets followed by North America and Europe.

The major players in the brominated and chlorinated flame retardant markets across regions include AkzoNobel, Albemarle, Chemtura, Dover Chemical, Israel Chemicals and Tosoh Corp.

This market research report explains current market for brominated and chlorinated flame retardants in terms of value and volume. The report also highlights the major drivers and challenges, including their profiles related to brominated and chlorinated flame retardants.

The global markets for brominated and chlorinated flame retardants have been growing at a CAGR (2015 to 2020) of 3.8% and 2.0% respectively driven by growth in the end-user application industries.
