Neuro-Otology, Vol 137. Handbook of Clinical Neurology

Description: Neuro-Otology: a volume in the Handbook of Clinical Neurology series, provides a comprehensive translational reference on the disorders of the peripheral and central vestibular system. The volume is aimed at serving clinical neurologists who wish to know the most current established information related to dizziness and disequilibrium from a clinical, yet scholarly, perspective.

This handbook sets the new standard for comprehensive multi-authored textbooks in the field of neuro-otology. The volume is divided into three sections, including basic aspects, diagnostic and therapeutic management, and neuro-otologic disorders. Internationally acclaimed chapter authors represent a broad spectrum of areas of expertise, chosen for their ability to write clearly and concisely with an eye toward a clinical audience.

The Basic Aspects section is brief and covers the material in sufficient depth necessary for understanding later translational and clinical material. The Diagnostic and Therapeutic Management section covers all of the essential topics in the evaluation and treatment of patients with dizziness and disequilibrium. The section on Neuro-otologic Disorders is the largest portion of the volume and addresses every major diagnostic category in the field.

- Synthesizes widely dispersed information on the anatomy and physiology of neuro-otologic conditions into one comprehensive resource
- Features input from renowned international authors in basic science, otology, and neuroscience
- Presents the latest assessment of the techniques needed to diagnose and treat patients with dizziness, vertigo, and imbalance
- Provides the reader with an updated, in-depth review of the clinically relevant science and the clinical approach to those disorders of the peripheral and central vestibular system

Contents:
1. Anatomy, physiology and physics of the peripheral vestibular system
2. Physiology of central pathways
3. Neurotransmitters in the vestibular system
4. Multi-sensory integration in balance control
5. The epidemiology of dizziness and vertigo
6. Vestibular symptoms and history taking
7. Bedside examination
8. Eye movements in vestibular disorders
9. The caloric irrigation test
10. Vestibular evoked myogenic potentials
11. Audiometry and other hearing tests
12. Rotational testing
13. An overview of vestibular rehabilitation
14. Principles of vestibular pharmacotherapy
15. Acute unilateral loss of vestibular function
16. Chronic unilateral vestibular loss
17. Bilateral vestibulopathy
18. Benign paroxysmal positional vertigo and its variants
19. Menière's disease
20. Otologic disorders causing dizziness including surgery for vestibular disorders
21. Post-traumatic dizziness and vertigo
22. Vestibular migraine
23. Ischemic syndromes causing dizziness and vertigo
24. Functional and psychiatric vestibular disorders
25. Vertigo and dizziness in children
26. The conundrum of cervicogenic dizziness
27. Motion sickness
28. Mal de debarquement syndrome

Ordering:
Order Online - http://www.researchandmarkets.com/reports/3744900/
Order by Fax - using the form below
Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: Neuro-Otology, Vol 137. Handbook of Clinical Neurology
Web Address: http://www.researchandmarkets.com/reports/3744900/
Office Code: SC

Product Format
Please select the product format and quantity you require:

| Quantity | Hard Copy (Hard Back): | USD 226 + USD 28 Shipping/Handling |

* Shipping/Handling is only charged once per order.
* The price quoted above is only valid for 30 days. Please submit your order within that time frame to avail of this price as all prices are subject to change.
