RF Power Semiconductor Market by Product, Material, Frequency, Application, and Geography - Global Forecast to 2022

Description: The RF power semiconductor market size, in terms of value, is expected to grow from USD 10.57 billion in 2015 to USD 31.26 billion by 2022, at a CAGR of 15.4% between 2016 and 2022. RF power semiconductor manufacturers have witnessed an increased shipment of devices for various applications such as aerospace & defense, medial, consumer, automotive, and telecommunication and data communication among others. The growing demand for smartphones and the need for higher data rate such as use of LTE and 5G in the near future would drive the RF power semiconductor market.

“Aerospace & defense application market to gain maximum traction during the forecast period”

The aerospace & defense application market is estimated to grow at the highest CAGR during the forecast period. The defense equipment manufacturers are increasingly using RF power devices for applications in radar systems and avionics. The growth in the production of defense equipment across the globe owing to increased investment in defense sector is driving the market for RF power semiconductor devices.

“APAC market for RF power semiconductor to grow at the highest rate during the forecast period”

APAC is the largest and the fastest-growing region for RF power semiconductor devices owing to the increasing number of consumers using smartphones and established electronics industry in APAC. The RF power semiconductor market in the North America held the second-largest market size in 2015 and has a steady growth rate. Despite being a mature market, the growth in the North American market is highly sustainable because of the presence of a large number of manufacturers in the region.

In the process of determining and verifying the market size for several segments and subsegments gathered through secondary research, extensive primary interviews were conducted with key people. The break-up of profile of primary participants is given below:

- By Company Type: Tier 1 - 55%, Tier 2 - 20%, and Tier 3 - 25%
- By Designation: C-Level Executives - 25%, Managers - 55%, and Directors - 20%
- By Region: North America - 30%, Europe - 20%, APAC - 45%, and RoW - 5%

The key players in the RF power semiconductor market profiled in the report are as follows:

1. Infineon Technologies AG (Germany)
2. NXP Semiconductors N.V. (Netherlands)
3. Qorvo, Inc. (U.S.)
4. Broadcom Limited (U.S.)
5. Toshiba Corporation (Japan)
6. Qualcomm Inc. (U.S.)
7. M/A-COM Technology Solutions Holdings, Inc. (U.S.)
8. Skyworks Solutions, Inc. (U.S.)
9. Mitsubishi Electric Corporation (Japan)
10. Murata Manufacturing (Japan)

The report would help the market leaders/new entrants in this market in the following ways:

1. This report segments the RF power semiconductor market comprehensively and provides the closest approximations of the overall market size and that of the subsegments across different verticals and regions.
2. The report helps stakeholders to understand the pulse of the market and provides them information on key market drivers, restraints, challenges, and opportunities.
3. This report would help stakeholders to understand their competitors better and gain more insights to enhance their position in the business. The competitive landscape section includes competitor ecosystem, new product developments, partnerships, and mergers & acquisitions in the RF power semiconductor market.
13.10 Mitsubishi Electric Corporation
13.11 Murata Manufacturing Co., Ltd.
*Details On Overview, Products And Services, Financials, Strategy & Development Might Not Be Captured In Case Of Unlisted Companies

Ordering:

Order Online - http://www.researchandmarkets.com/reports/3752040/

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct and select the format(s) you require.

Product Name: RF Power Semiconductor Market by Product, Material, Frequency, Application, and Geography - Global Forecast to 2022
Web Address: http://www.researchandmarkets.com/reports/3752040/
Office Code: SCBRFYOR

Product Formats
Please select the product formats and quantity you require:

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
