Global Alcoholic Drinks Market 2016-2020

Description: About the Alcoholics Drinks Market

The global alcoholic drinks market will have a moderate growth rate during the forecast period. This is due to various reasons such as growing demand for premium products, innovative marketing campaigns by vendors, and increase in demand for low-alcohol-content drinks.

Dominance of the beer segment in the alcoholic drinks market in terms of volume will come down during the forecast period due to the increase in demand for wines and spirits, especially among younger and health-conscious consumers.

The analysts forecast the global alcoholic drinks market to grow at a CAGR of 1.7% during the period 2016-2020.
