Qatar CCTV Market By Type (Analog CCTV and IP CCTV), By Application (Residential, Industrial, Commercial, Government and Public Infrastructure), Competition Forecast and Opportunities, 2011-2021

Description: Qatar CCTV market is among the fastest growing CCTV markets in the Middle East region, on account of growing CCTV adoption across residential, industrial and commercial end user segments. The market is witnessing an uptrend on account of growing demand for high resolution IP cameras from government enterprises and border security to neutralize the potential threats. Further, construction of 11 new stadiums in the country which will host the FIFA World Cup 2022 is seen as the focal point of development in Qatar during 2015-2022.

Government of Qatar is expecting a footfall of around 0.4 million foreign tourists during the major sporting event. Consequently, the country's hotel industry is undergoing rapid capacity expansions, which is fueling demand for CCTVs. Moreover, transport infrastructure such as airports and metro stations in the country are undergoing upgradation, which is expected to drive demand for CCTVs in Qatar during the forecast period.

According to "Qatar CCTV Market By Type, By Application, Competition Forecast and Opportunities, 2011 - 2021", CCTV market in Qatar is projected to grow at a CAGR of around 14% during 2016 - 2021. Growing trend of video analytics, integration of video surveillance with cloud, increasing government spending on healthcare and transport sectors are the key factors boosting CCTV adoption in Qatar.

Implementation of new guidelines on electronic security in 2012 by Government of Qatar has significantly augmented usage of IP cameras across all end user segments, including new as well as retrofit projects, over the last few years.
