Global Foodservice Market 2016-2020

Description: About the Foodservice Market

Foodservice refers to the sale of foods and beverages that have been prepared out-of-home for immediate consumption either on the premises from where they are purchased or for takeaway and home delivery. Over the years, commercial foodservice places like restaurants and cafés have emerged as a convenient place for teenagers, families, and young working professionals to socialize.

The analysts forecast the global foodservice market to grow at a CAGR of 4.48% during the period 2016-2020.
