Software Defined Networks. Edition No. 2

The book shows how to explain to business decision-makers the benefits and risks in shifting parts of a network to the SDN model, exploring when to integrate SDN technologies in a network and how to develop or acquire SDN applications. While the book emphasizes the parts of the technology that encourage opening up of the network, it also provides treatment for a number of alternative approaches to SDN that are more closely controlled by individual networking vendors.

In the time since the first edition was published, the SDN market has has matured, there is less hype about its disruptive potential, and it is being gradually integrated and morphed into something more compatible with mainstream networking vendors. Software Defined Networks: A Comprehensive Approach, Second Edition, reflects these changes.

New in this edition include:

- Coverage of the OpenDaylight controller and its support for multiple southbound protocols.
- Added Section on ONOS from ON.lab, targeted at Service Providers and supporting HA with its first release.
- Inclusion of NETCONF in discussions on controllers and devices.
- Expanded coverage of NFV.
- Updated coverage of the latest approved version (1.5.1) of the OpenFlow specification.
- Expanded coverage of controllers
- New chapter on NETCONF and SDN
- Expanded coverage of SDN in optical networks
- Support materials for use in computer networking courses

Contents:

Chapter 1: Introduction

Chapter 2: Why SDN?

Chapter 3: Genesis of SDN

Chapter 4: How SDN Works

Chapter 5: The OpenFlow Specification

Chapter 6: Alternative Definitions of SDN

Chapter 7: Emerging Protocol, Controller and Application Models

Chapter 8: SDN in the Data Center

Chapter 9: SDN in Other Environments

Chapter 10: Network Functions Virtualization

Chapter 11: Players in the SDN Ecosystem

Chapter 12: SDN Applications

Chapter 13: SDN Open Source
Chapter 14: Business Ramifications
Chapter 15: SDN Futures

Ordering:
Order Online - http://www.researchandmarkets.com/reports/3769853/
Order by Fax - using the form below
Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

- **Product Name:** Software Defined Networks. Edition No. 2
- **Web Address:** [http://www.researchandmarkets.com/reports/3769853/](http://www.researchandmarkets.com/reports/3769853/)
- **Office Code:** SCD2ZHQQ

Product Format
Please select the product format and quantity you require:

<table>
<thead>
