
Description:
Robotic software is an important component of industrial robotic system and plays a core role to enable industrial robots to do good operations and accurate functionalities. Global industrial robotic software market is expected to witness a strong growth despite being slower than the growth rates of industrial robots market. The accelerating deployment of industrial robotic solutions in various manufacturing factories is driving the growth of industrial robotic software installation.

Global Industrial Robotic Software Market - Structure, Size, Trends, Analysis and Outlook 2016-2022 examines the global industrial robotic software market through a comprehensive summary and in-depth analysis of premium information sources. On the basis of reviewing global economic environments, this report provides a detailed analysis of market structure, market trends, market forces, and market segments.

The report quantifies the global industrial robotic software market from perspectives of robot type, robot application, human-robot collaboration, software type, vendor type, and geographic landscape. Global data is available for sales revenue generated from industrial robotic software platforms in each sub-market over the coverage of 2014-2022. Current competitive scenario and profiles of major vendors/players are also included in the report.

Qualitative market analyses include identification and discussion of market structure, market overview, growth drivers, restraints and challenges, emerging market trends/opportunities, Porter's Five Forces as well as M&A landscape and fundraising trend.

On basis of robot type, the market is segmented into articulated robots, SCARA robots, Cartesian robots, delta robots, and others, with articulated robots as the largest consumer of industrial robotic software. On basis of industrial robot application, the market is segmented into material handling, welding, assembly line, dispensing, and other sections.

The global industrial robotic software market is also divided into collaborative robotic software and traditional robotic software by human-robot collaboration. On-site industrial robotic software and offline programming software are identified as two major software types of industrial robots. On basis of vendor type, the global market is composed of original equipment manufacturer (OEM) software and third-party industrial robotic software.

Geographically, the global market is segmented into North America, Europe, Asia-Pacific region, Latin America and the rest of world (RoW). Specific analysis and forecast of annual shipment and hardware revenue over 2014-2022 have been covered for 11 important national markets including U.S., China, Japan, Germany, South Korea, and Italy.

APAC region leads the global assembling cobots market in terms of annual revenue, followed by Europe and North America. Strongest growth potential also exists in the vast APAC market in the future with China and Southeast Asian countries expected to be the main driving engines for the growth.

Highlighted with 3 tables and 64 figures, this 173-page report provides timely data and detailed analysis to help clients targeting the global market to identify business opportunities and execute an effective strategy.

Contents:
1 Introduction
1.1 Industry Definition and Report Scope
1.2 Research Methodology
1.3 Executive Summary

2 Market Environment
2.1 Prospects for the World Economy in 2015-2016
2.2 Outlook of the World Economy to 2030
3 Market Overview and Qualitative Analysis
   3.1 Market Structure
   3.2 Market Overview
   3.3 Major Growth Drivers
   3.4 Market Restraints and Challenges
   3.5 Emerging Opportunities and Market Trends
   3.6 Porter's Five Forces Analysis
   3.7 Key M&A Trends and Strategic Partnerships
   3.8 IPO and VCI in Global Industrial Robot Market

4 Segmentation of Global Market by Robot Type
   4.1 Market Overview by Robot Type
   4.2 Software Market for Articulated Robots
   4.3 Software Market for Cartesian Robots
   4.4 Software Market for SCARA Robots
   4.5 Software Market for Delta Robots
   4.6 Software Market for Other Industrial Robots

5 Segmentation of Global Market by Robot Application
   5.1 Market Overview by Robot Application
   5.2 Robotics Software Market for Material Handling
   5.3 Robotics Software Market for Welding
   5.4 Robotics Software Market for Assembly
   5.5 Robotics Software Market for Dispensing
   5.6 Robotics Software Market for Other Industrial Applications

6 Segmentation of Global Market by Human-robot Collaboration
   6.1 Market Overview by Human-robot Collaboration
   6.2 Software Market for Traditional Industrial Robots
   6.3 Software Market for Industrial Collaborative Robots

7 Segmentation of Global Market by Software Type
   7.1 Market Overview by Software Type
   7.2 On-site Software Market for Industrial Robots
   7.3 Offline Programming Software Market for Industrial Robots

8 Segmentation of Global Market by Vendor Type
   8.1 Market Overview by Vendor Type
   8.2 OEM Robotics Software Market
   8.3 Third-party Robotics Software Market

9 Segmentation of Global Market by Region
   9.1 Geographic Market Overview by Region 2015-2022
      9.2.1 Overview of North America Market
      9.2.2 U.S. Market
      9.2.3 Canadian Market
   9.3 European Market 2014-2022
      9.3.1 Overview of European Market
      9.3.2 Germany
      9.3.3 Italy
      9.3.4 Spain
      9.3.5 UK
      9.3.6 France
      9.3.7 Rest of European Market
   9.4 Asia-Pacific Market 2014-2022
      9.4.1 Overview of Asia-Pacific Market
      9.4.2 Japan
      9.4.3 China
      9.4.4 South Korea
      9.4.5 Rest of APAC Region
   9.5 Latin America Market 2014-2022
      9.5.1 Overview of Latin America Market
9.5.2 Mexico
9.5.3 Brazil
9.5.4 Rest of Latin America
9.6 Rest of World Market 2014-2022
9.7 Relative Availability of Industrial Robots by Country 2013-2014

10 Supply Landscape
10.1 Overview of Global Supply
10.2 Company Profiles

List of Tables

Table 1. Market Trend of Global Industrial Robotic Software, 2015-2022
Table 2. Average Annual Growth Rates of Global Real GDP, Outlook to 2030
Table 3. Major M&A Deals of Industrial Robot Industry in 2015

Ordering: Order Online - http://www.researchandmarkets.com/reports/3781786/
Order by Fax - using the form below
Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit

http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct and select the format(s) you require.

Product Name: Global Industrial Robotic Software Market - Structure, Size, Trends, Analysis and Outlook 2016-2022
Web Address: http://www.researchandmarkets.com/reports/3781786/
Office Code: SCBRY1UT

Product Formats
Please select the product formats and quantity you require:

<table>
<thead>
<tr>

Fax Number: ___________________________

* Please refrain from using free email accounts when ordering (e.g. Yahoo, Hotmail, AOL)
Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:
Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
