Key Highlights
- The suncare market consists of the retail sale of sun protection, after-sun and self-tan products. The market is valued according to retail selling price (RSP) and includes any applicable taxes. Any currency conversions used in the creation of this report have been calculated using constant 2015 annual average exchange rates.

- The Singaporean suncare market had total revenues of $16.0m in 2015, representing a compound annual growth rate (CAGR) of 4% between 2011 and 2015.

- Market consumption volume increased with a CAGR of 3.4% between 2011 and 2015, to reach a total of 0.6 million units in 2015.

- Increased awareness around skin issues associated with prolonged exposure to the sun is helping to drive the market. The Ministry of Health has launched campaigns to educate the public and these, coupled with a greater concern over premature aging, are helping to spur sales of suncare products.
