Pain Management Products for Dogs and Cats

Description: Pain management is one of the leading topics in veterinary medicine today. While pain management products for dogs and cats represented a minor part of the pharmaceuticals market a decade ago, they now represent a substantial market segment.

The report, Pain Management Products for Dogs and Cats, includes information such as:

- Overview of acute and chronic pain in small animals
- Review of products currently used to treat pain in dogs and cats
- Estimates of US sales and prices of leading pain management products
- In-depth look at pain management products in development
- Review of nutritional supplements used for chronic pain
- Review of therapeutic diets for joint care
- Survey of 300 small animal veterinarians regarding use of pain management products
