Please E-mail our customer service team for more details. This PDF Express report is a summary of the main database which contains 9929 spreadsheets and 9680 database tables. In fact the data in this Summary PDF is derived from only 300 of the 9929 datasets, and less than 10% of the data in the selected spreadsheets. For example, the main database provides market data from 1997 to 2016 and 2017 to 2044, however simply by adding the missing years would increase the number of pages fourfold – and make this PDF unmanageable.

After reading this report, if readers find that they need more data than contained in this PDF then there is a simple Upgrade process to purchase the full database edition. In addition there is a Coupon in the PDF report which clients can use to get a reduction on the price of the full database edition.
