The future analysis of overall India CR39 eyeglasses market has also been discussed along with recommendations from analyst view.

India CR39 Eyeglasses Market

India has the maximum number of people with vision impairment in the world. High population coupled with elevated incidence rate of vision irregularities is the major factor which has resulted in high demand for prescription eyeglasses and consequently CR39 eyeglasses market. Rising awareness about safety healthcare, accelerating problem of age related macular degeneration in old age people, increased per capita income which allow people to buy expensive CR39 eyeglasses over glass material are further expected to fuel the CR39 eyeglasses market in India. The market for CR39 eyeglasses was worth INR ~ million in FY'2016, which increased from INR ~ million in FY'2011 at a CAGR of ~%. Less awareness among the people is the major factor which has led to the demand gap in India. It has been experienced that in Southeast region demand for CR39 eyeglasses is ~% less than supply in FY'2016. However, in metro regions, the supply is approximately ~% more than demand owing to the high presence of market players in these regions leading to saturation of market.

Trade Scenario for CR39 Eyeglasses Market

India is import driven market for CR39 eyeglasses with ~% of the revenue from the imported products. It has been observed that CR39 eyeglasses of worth INR ~ million were imported from foreign countries in FY'2016 owing to their less price and unavailability of CR39 eyeglasses in comparative prices by domestic manufacturers. China is the major import destination for India with contribution of ~% to the total imported value owing to approximately ~% lower cost than domestically manufactured CR39 eyeglasses. Patparganj discharge post based in Delhi received the highest imports of CR39 eyeglasses, in terms of value owing to easy distribution from the location. The domestic manufacturers from India are also actively exporting CR39 eyeglasses to western countries increasing the export value from INR ~ million in FY'2015 to INR ~ million in FY'2016.

CR39 Eyeglasses Market Segmentation

By uses, single vision lenses dominated the CR39 eyeglasses with revenue share of ~% of the total market in FY'2016. High prevalence of myopia among youths and children in India is the major factor which has led to the high demand for single vision lenses. Progressive lenses, on other hand, recorded high growth from FY'2011 to FY'2016 with revenue share increasing from ~% in FY'2011 to ~% in FY'2016, at a CAGR of ~%. By type of frames, Full frame eyeglasses majorly dominate the market with revenue share of ~% in FY'2016. Durability of these frames, capability to hold heavy weight lenses, and low cost of these frames are the major factors which contribute towards its high demand.
Competitive Scenario

CR39 eyeglasses market in India is observed to be highly concentrated with the presence of few players capturing major share of the market. GKB Ophthalmics Ltd., Zeiss India, and Techtran Polylenses were observed to operate in the CR39 eyeglasses market and held ~% of the share of domestically produced CR39 eyeglasses market in FY'2016. GKB Ophthalmics Ltd. among them is leading CR39 Eyeglasses Market in India majorly due to trust factor associated with the company being domiciled in India. Additionally, the acquisition of GKB Vision Ltd. stake by Essilor also resulted in availability of Essilor brands under GKB Ophthalmics Ltd. In FY'2016, GKB Ophthalmics Ltd. accounted for ~% of total revenue share in domestically produced CR39 Eyeglasses Market.
