Instrumentation Valves and Fittings Market by Product Type, Application - Global Forecast to 2022

Description:
Instrumentation Valves and Fittings Market by Product Type (Valves, Fittings, Pneumatic Actuators), Application (Semiconductor, Oil & Gas, Food & Beverage, Chemical, Pharmaceutical, Paper & Pulp, Hyperbaric Chambers, and Others) - Global Forecast to 2022

The global instrumentation valves & fittings market is expected to be worth USD 4.31 billion by 2022, at a CAGR of 4.6% during the forecast period. The growth in fracking and utilizing 1" to 6" brass or copper valves, expanding process instrumentation and automation, and increase in consumption of instrumentation valves due to high growth rate of hyperbaric oxygen therapy devices.

The oil & gas application is expected to hold the leading position by 2022 in the global instrumentation valve & fittings market. The strengthening economic conditions of the oil and gas industry have increased the demand for valves in the instrumentation valves & fittings market.

The market for ultraclean valves is expected to grow at a faster rate, owing to pharmaceutical as its major driving application. They are widely used in the pharmaceutical sector for sterile and ultra-hygienic applications which consist of a wide variety of valve bodies, diaphragms, actuators, handles, automation and control units.

The Americas region is expected to hold the largest size of the instrumentation valves & fittings market by 2022, owing to the replacement of obsolete valves and fittings with new valves in the oil & gas, pharmaceutical, and chemical applications. High concentration of major chemical and pharmaceutical industries in the Americas region drives the valves & fittings market growth. The APAC region is emerging as the fastest-growing region, owing to the concentration of electronics plants as well as a large number of coal-fired power generators are under construction.

In the process of determining and verifying the market size for several segments and subsegments gathered through secondary research, extensive primary interviews have been conducted with key opinion leaders.

The breakup of the profiles of primary participants is given below:
- By Company Type: Tier 1 - 2%, Tier 2 - 12%, and Tier 3 - 86%
- By Designation: C-Level Executives - 10%, Managers - 25%, and Others - 65%
- By Region: Americas - 27%, APAC - 54%, Europe - 15%, and RoW - 4%

Note: Others include independent consultants, distributors, floor/operation executives, and other key stakeholders.

The report includes the competitive landscape of the global instrumentation valves & fittings market for major companies, namely, Swagelok (U.S.), Parker Hannifin (U.S.), SSP Fittings (U.S.), and Hoke (U.S.).

Reasons to Buy the Report:
- This report caters to the needs of leading instrumentation valves & fittings manufacturing companies, actuators manufacturers, and other related stakeholders in this market. Other parties that could benefit from the report include venture capitalists, startup firms, and consulting firms.
- This report would help analyze new opportunities and potential revenue sources and enhance the decision-making process regarding new business strategies.
- The quantitative and qualitative information in the report, along with the comprehensive analysis, would help the player to gain an edge in the market.

Ordering:

Order Online - [http://www.researchandmarkets.com/reports/3844085/](http://www.researchandmarkets.com/reports/3844085/)

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit
http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct and select the format(s) you require.

Product Name: Instrumentation Valves and Fittings Market by Product Type, Application - Global Forecast to 2022
Web Address: http://www.researchandmarkets.com/reports/3844085/
Office Code: SCWP71AI

Product Formats

Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:

Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by wire transfer: Please transfer funds to:

Account number 833 130 83
Sort code 98-53-30
Swift code ULSBIE2D
IBAN number IE78ULSB98533083313083
Bank Address Ulster Bank,
27-35 Main Street,
Blackrock,
Co. Dublin,
Ireland.
