ConocoPhillips Oil & Gas Exploration and Production Operations and Cost Analysis - Q1, 2016

Description: ConocoPhillips Oil & Gas Exploration and Production Operations and Cost Analysis - Q1, 2016

Summary

ConocoPhillips Oil & Gas Exploration and Production Operations and Cost Analysis is the latest report from the publisher, the industry analysis specialists, that offers comprehensive information on the operational and financial performance of the company. The report is an essential source for key operational metrics, analysis and provides a strategic insight into the company. The report provides an annual and quarterly overview of oil and gas reserves and production, changes in reserves, costs incurred and results of oil and gas operations, acreage and well details, share price performance and key valuation metrics.

Scope

The report provides in-depth analysis and insights into companies’ capital spending, revenues, oil and gas reserves, production, and performance measures. Its scope includes the following:
- The report provides detailed and unique insight information on the key operational metrics. It gives a comprehensive overview of oil and gas production and reserves, costs incurred and results of oil and gas operations, acreage and well details and other performance metrics.
- Provides details with respect to the company's oil and gas reserves and production information by country. It further consists of in-depth information on the company's expenditures in relation to the acquisition, exploration and development activities; developed and undeveloped acreage position; key costs and revenue information; and performance metrics of the company as disclosed in its annual reports and regulatory filings.
- Provides a comprehensive overview of the company's share price performance and key valuation metrics such as market capitalization, enterprise value, EV/Production ($boe/d) and EV/Proved Reserve ($/boe)
- Provides information on key operational and financial metrics on an annual and quarterly basis. The annual information provided is for a five-year period and the quarterly information is for the last five quarters.

*Note:

1. The scope mentioned above is generic and may not apply to all the companies. The report is based on the information disclosed by the companies in their annual and quarterly reports, regulatory filings and other company documents and sources.
2. Quarterly information is provided only for the companies that are December ending and files quarter reports and documents.
3. There can be cases where countries/regions data column/Charts will be blank. This can be due to the fact that the company might have discontinued the reporting of those countries/regions. Information that is not disclosed by the company may not be available in the report.

Reasons to buy

The report will enhance your decision making capability in a more rapid and time sensitive manner. It will allow you to:
- Be up-to-date with the latest information and in-depth analysis of the operational metrics of the company.
- Identify M&A targets from up-to-date information and in-depth analysis on financial and operational metrics of your competitors.
- Rank your performance against other companies in the exploration and production (E&P) sector using operational and financial benchmarking metrics.
- Formulate your strategies based on in-depth analysis of your competitors' financial and operational data.
- Exploit the strengths and weakness of your closest competitors by comparing and analyzing their financial and operational metrics.
- Establish relative performance among the industry's players based on key operational and financial measures.
