Global Recliner Sofas Market 2016-2020

Description: About Recliner Sofa

A recliner sofa is a category of upholstery seaters that allow users to adjust the back- and leg rest to suit their preference. The key rationale behind the development of the mechanism that allows the conversion of the upright position of recliners to a reclined position is to increase the comfort level of consumers.

The analysts forecast the global recliner sofas market to grow at a CAGR of 6.46% during the period 2016-2020.
