Advanced Drafting Techniques for Successful EPO Patent Applications

Description: Many patent applications and patents are lost before the EPO Boards of Appeal due to incorrect original drafting. Added subject matter is a recurrent problem: Amendments made during grant procedure, to take account or new prior art, amount to added subject-matter, often fatal in opposition procedure before the EPO, and national courts.

Sufficiency of disclosure can also be a problem, as if initial disclosure is insufficient, amending it can amount to adding subject-matter.

The purpose of the seminar is to identify the problems of added subject-matter and sufficiency of disclosure, and show how they can be easily avoided by careful drafting.

Key Topics Covered

- Article 123(2) - added subject matter
- Avoiding problems with amendments
- Article 83 - sufficiency of disclosure

*Please note, events may be cancelled due to commercial or organisational reasons. In this case Research and Markets will refund all registration fees which have already been paid. Research and Markets will not refund any charges arising from the participant having to cancel or re-book transportation or accommodation which he or she has arranged.

Ordering:

Order Online - [http://www.researchandmarkets.com/reports/3894413/](http://www.researchandmarkets.com/reports/3894413/)

Order by Fax - using the form below
