Nebulizers Market: By Product Type (Ultrasonic, Portable, Stand Alone, Pneumatic, Breath-Actuated, Vented, Mesh, Vibrating mesh, Static Mesh), & By Region--Forecast (2016-2021)

Description: Nebulizer is a medical device which converts the drug into mist and delivers it directly to the lungs. The technique of nebulization is commonly used for the treatment of respiratory diseases including asthma, cystic fibrosis and COPD. Various devices are used for nebulization. Globally, development of efficient and advance technology and Prevalence of respiratory diseases coupled with a growing aged population are the prime growth drivers of global Nebulizers market. In addition and emerging economies such as China, India and others, will create new opportunities for global Nebulizers market. However, higher cost of the research and development, Dispersion and wastage of the drug during delivery to the respiratory tract and Availability of nebulizer substitutes and higher cost of interventional devices are the key restraints for global Nebulizers market.

Geographically North America dominated global Nebulizers market, with approximately half of the world’s procedures being done in the U.S. because of increasing prevalence of respiratory diseases coupled with increasing patient awareness level. Europe is projected to have fastest growth, owing to increasing geriatric population base is expected to follow North American market. APAC market is expected to be the most lucrative market owing to greater untapped opportunity.

This report identifies the global Nebulizers market size in for the year 2014-2016, and forecast of the same for year 2021. It also highlights the market drivers, restraints, growth indicators, challenges, and other key aspects with respect to global Nebulizers market.

This report segments global Nebulizers market on the basis of type, procedures, and regional market as follows:

Nebulizers Market, By Product Type (Ultrasonic, Portable, Stand Alone, Pneumatic, Breath-Actuated, Vented, Mesh, Vibrating mesh, Static Mesh)

This report has been further segmented into major regions, which includes detailed analysis of each region such as: North America, Europe, Asia-Pacific (APAC), and Rest of the World (RoW) covering all the major country level markets in each of the region.

This report identifies all the major companies operating in the Nebulizers market. Some of the major companies’ profiles in detail are as follows:

Allied Healthcare Products, Inc
Omron Healthcare Co
Covidien plc
GE Healthcare Ltd
Philips Healthcare.
