Growth Opportunities in the Global Infrared Detector Market 2016-2021: Trends, Forecast and Opportunity Analysis

Description:

Growth Opportunities in the Global Infrared Detector Market: Trends, opportunities and forecast in this market to 2021 by end use industry (people and motion sensing, temperature measurement, industrial, spectroscopy and biomedical imaging, HVAC, smart home, and others), type (pyroelectric, thermopile, microbolometer, InGaAs, MCT, and others), wavelength (short-wave, medium-wave, and long-wave), by region (North America, Europe, Asia Pacific, Rest of the World).

The future of the infrared detector market looks promising with opportunities in consumer electronics, smart homes, industrial, commercial, and military & defense sectors. The global infrared detector market is expected to reach an estimated $422.6 million by 2021 and is forecast to grow at a CAGR of 8.7% from 2016 to 2021. The major drivers of growth for this market are increased demand for smartphones and tablets, rising concern about safety and security, and increasing automation in the building and industrial sector.

Emerging trends, which have a direct impact on the dynamics of the industry, include increasing use of infrared detectors in smart homes and increasing use of infrared detectors for night vision and surveillance.

A total of 49 figures / charts and 47 tables are provided in this 160-page report to help in your business decisions.

The study includes a forecast for the infrared detector market by detector type, end use industry, by wavelength, and region.

By end use industry [Volume (Million Units) and $M shipment analysis from 2010 to 2021]:
- People and Motion Sensing
- Temperature Measurement
- Spectroscopy and Biomedical Imaging
- HVAC
- Smart Home
- Others

By detector type [$M shipment analysis from 2010 to 2021]
- Pyroelectric
- Thermopile
- Microbolometer
- InGaAs (Indium Gallium Arsenide)
- MCT (Mercury Cadmium Telluride)
- Others

By Wavelength [$M shipment analysis from 2010 to 2021]:
- Short-Wave
- Medium-Wave
- Long-Wave

By region [$M shipment analysis from 2010 to 2021]:
- North America
- Europe
- Asia Pacific
- Rest of World

Excelitas Technologies Corporation, Hamamatsu Photonics, FLIR Systems Inc., Murata Manufacturing Co. Ltd., and Texas Instruments Inc. are among the major infrared detector suppliers.
The author predicts that the demand for microbolometer is likely to experience the highest growth in the forecast period supported by increasing demand in smart home.

Within the infrared detector market, people and motion sensing is expected to remain the largest segment due to increasing usage of infrared detectors for people counting and motion detection in the commercial sector. The author predicts that the demand for smart home is likely to experience the highest growth in the forecast period, supported by increasing demand for consumer convenience, safety and security, and the rising need for energy efficiency.

Asia Pacific is expected to remain the largest region and to witness the highest growth over the forecast period because of an increase in demand of smartphone, tablets, and smart TVs, and growth in industrial and home automation.

This report answers following 11 key questions:

Q.1. What are some of the most promising potential, high-growth opportunities for global infrared detector market by end use industry (people and motion sensing, temperature measurement, industrial, spectroscopy and biomedical imaging, HVAC, smart home, and others), type (pyroelectric, thermopile, microbolometer, InGaAs, MCT, and others), wavelength (short-wave, medium-wave, and long-wave), and region (North America, Europe, Asia Pacific, and the Rest of the World)?

Q.2. Which segments will grow at a faster pace and why?

Q.3. Which regions will grow at a faster pace and why?

Q.4. What are the key factors affecting market dynamics? What are the drivers and challenges of the market?

Q.5. What are the business risks and threats to the market?

Q.6. What are the emerging trends in this market and reasons behind them?

Q.7. What are some changing demands of customers in the market?

Q.8. What are the new developments in the market? Which companies are leading these developments?

Q.9. Who are the major players in this market? What strategic initiatives are being implemented by key players for business growth?

Q.10. What are some of the competitive products and processes in this area and how big of a threat do they pose for loss of market share via material / product substitution?

Q.11. What M&A activities have occurred in the last 5 years?

Contents:

1. Executive Summary
2. Global Infrared Detector Market: Market Dynamics
   2.1: Introduction, Background, and Classifications
   2.2: Supply Chain
   2.3: Industry Drivers and Challenges
3. Market Trends and Forecast Analysis from 2010 to 2021
   3.1: Macroeconomic Trends and Forecast
   3.2: Global Infrared Detector Market Trend and Forecast
      3.2.1: People and Motion Sensing
      3.2.2: Temperature Measurement
      3.2.3: Industrial
      3.2.4: Spectroscopy & Biomedical Imaging
      3.2.5: HVAC
      3.2.6: Smart Homes
3.4: Global Infrared Detector Market by Wavelength
   3.4.1: Short-Wave Infrared
   3.4.2: Medium-Wave Infrared
   3.4.3: Long-Wave Infrared
3.5: Global Infrared Detector Market by Type
   3.5.1: Pyroelectric
   3.5.2: Thermopile
   3.5.3: Microbolometer
   3.5.4: InGaAs (Indium Gallium Arsenide)
   3.5.5: MCT (Mercury Cadmium Telluride)

4. Market Trends and Forecast Analysis by Region
   4.1: Global Infrared Detector Market by Region
   4.2: North American Infrared Detector Market
   4.3: European Infrared Detector Market
   4.4: APAC Infrared Detector Market
   4.5: ROW Infrared Detector Market

5. Competitor Analysis
   5.1: Product Portfolio Analysis
   5.2: Market Share Analysis
   5.3: Geographical Reach
   5.4: Porter’s Five Forces Analysis

6. Growth Opportunities and Strategic Analysis
   6.1: Growth Opportunities Analysis
   6.1.1: Growth Opportunities for the Global Infrared Detector Market by Type
   6.1.2: Growth Opportunities for the Global Infrared Detector Market by Application
   6.1.3: Growth Opportunities for the Global HVAC Insulation Market by Region
   6.2: Emerging Trends in the Global HVAC Insulation Market
   6.3: Strategic Analysis
   6.3.1: New Product Development
   6.3.2: Mergers, Acquisitions, Joint Ventures and Strategic Collaboration in the Global Infrared Detector Market

7. Company Profiles of Leading Players
   7.1: Excelitas Technologies Corp.
   7.3: Hamamatsu Photonics KK.
   7.4: FLIR Systems Inc.
   7.5: Murata Manufacturing Co., Ltd.
   7.6: Texas Instruments Inc.
   7.7: Omron Corporation
