Global Automotive External Airbags Market 2017-2021

Description:
About Automotive External Airbags
Since their inception, airbags have gained importance in the automotive industry. Airbags in passenger cars were first installed from mid-1970, and the use of airbags has grown in terms of advancements and applications. Driver and front passenger airbags have emerged as a standard feature in most of the passenger cars manufactured today. In addition, the safety of passengers and drivers is not limited to frontal airbags; applications such as side airbags and curtain airbags are growing faster in the market today.

Analysts forecast the global automotive external airbags market to grow at a CAGR of 10.25% during the period 2017-2021.
