Global Sports Utility Vehicle Market 2017-2021

Description:

About Sports Utility Vehicle

An SUV is usually equipped with either four-wheel drive or all-wheel drive for off-road capability. These vehicles are usually built on the same platform as that of a light-duty truck and are generally shares the common chassis as used while manufacturing pick-up trucks or light duty trucks. In the past couple of years, the global automotive market has also witnessed the emergence of new vehicle type such as cross-utility vehicles (CUVs), which share the similar design as that of an SUV but they are built on passenger car chassis rather than station wagon chassis.

Analysts forecast the global sports utility vehicle market to grow at a CAGR of 19.03% during the period 2017 -2021.
