Oilfield Communications Market: By Communication Technologies (Cellular Network, VoIP, Unified Communications, M2M, Microwave Communication, WiMax, VSAT, TETRA, Fiber Optics, WAN, LAN); By Band Type & By Region- Forecast (2016-2022)

Description: Oilfield Communications can be defined as the technologies used by the oil & gas industry to collect, store, and manage the complex data requirements and field operations coupled with collaborative work processes among multiple offshore and onshore sites, are relying on a healthy communication network. In order to upsurge oil production, oil exploration organizations are looking for oilfields in harsh environments and that presents a variety of operational challenges which result in demand for high bandwidth communication solutions. Globally, increasing drilling activities is expected to be the key growth driver for the oilfield communication technologies during the period of study.

Geographically, North America dominated the oilfield communications market driven by higher demand and usage of these technologies in large oilfields and offshore sites. North America was followed by Asia-Pacific and Europe as second and third largest market for the oilfield communications market. Asia Pacific is projected to have the fastest growth, owing to rapidly expanding oilfield excavation activities in the region, especially by major regional economies such as China and India in this region.

This report identifies the oilfield communications market size for the years 2014-2016, and forecast of the same till the year 2022. It also highlights the market drivers, restraints, growth indicators, challenges, and other key aspects with respect to oilfield communications market.

This report segments global oilfield communications market on the basis of communication technology, band type and regional market as follows:

Oilfield Communications market research report is classified on the basis of technology. Some of the major technologies covered in this report are as follows:
- Cellular Network, VoIP, Unified Communications, M2M, Microwave Communication, WiMax, VSAT, TETRA, Fiber Optics, WAN, LAN

Oilfield Communications market research report is classified on the basis of band type. Some of the major band types covered in this report are as follows:
- L Band, Ku Band, HTS

This report has been further segmented into major regions, which includes detailed analysis of each region such as: North America, Europe, Asia-Pacific (APAC), and Rest of the World (RoW) covering all the major country level markets in each of the region

This report identifies all the major companies operating in the oilfield communications market. Some of the major companies’ profiles in detail are as follows:

- Alcatel-Lucent International
- ERF Wireless, Inc.
- Harris Caprock Communications Inc.
- Hermes Datacommunications International Ltd.
- Huawei Technologies Co., Ltd.

Contents:
1. Oilfield Communications Market - Overview
2. Executive Summary
3. Oilfield Communications Market Landscape
   3.1. Market Share Analysis
   3.2. Comparative Analysis
   3.3. Product Benchmarking
   3.4. End User Profiling
9.4. Supply- Contract
10. Company Profiles (Overview, Financials, SWOT Analysis, Developments, Product Portfolio)
10.1. Alcatel-Lucent International
10.2. ERF Wireless, Inc.
10.3. Harris Caprock Communications Inc.
10.4. Hermes Datacommunications International Ltd.
10.5. Huawei Technologies Co., Ltd.
10.6. Hughes Network Systems LLC
10.7. Inmarsat PLC
10.8. ITC Global
10.9. Redline Communications Inc.
10.10. Rignet Inc

- More than 40 Companies are profiled in this Research Report, Complete List available on Request -
  "- Financials would be provided on a best efforts basis for private companies"

11. Appendix
11.1. Abbreviations
11.2. Sources
11.3. Research Methodology
11.4. Bibliography
11.5. Compilation of Expert Insights
11.6. Disclaimer

Ordering:
Order Online - http://www.researchandmarkets.com/reports/4033484/

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct and select the format(s) you require.

Product Name: Oilfield Communications Market: By Communication Technologies (Cellular Network, VoIP, Unified Communications, M2M, Microwave Communication, WiMax, VSAT, TETRA, Fiber Optics, WAN, LAN); By Band Type & By Region-Forecast (2016-2022)
Web Address: http://www.researchandmarkets.com/reports/4033484/
Office Code: SC

Product Formats
Please select the product formats and quantity you require:
