HIPAA-HITECH assessment for Healthcare Business Associates

Description: As the compliance deadline for new HIPAA-HITECH rule approaches, it becomes imperative for healthcare business associate organizations to develop strategies to protect electronic health information, and comply with HIPAA-HITECH regulations.

This instructor-led one-day training will teach you how to design, implement, and administer comprehensive healthcare IT compliance and security protection programs as a business associate. During this session, you will also have the opportunity to explore the security best practices and integrate regulatory requirements into an existing healthcare IT environment.

Why should you Attend?: The American Recovery and Reinvestment Act of 2009, in Section 13411 of the HITECH Act require HHS to provide for periodic audits to ensure covered entities and business associates are complying with the HIPAA Privacy and Security Rules and Breach Notification standards. According to the recent report more than 60% of the breach happened are by the business associates.

If you come under the 'Business Associate' category, and want to avoid showing up at HHS's 'wall of shame' attend our 60 minutes webinar to learn in depth about how to comply with HIPAA and HITECH rules, understand the audit protocols, Know what a breach is and how to mitigate if occurred.

Areas Covered in the Session:

- Healthcare industry technology security requirements
- Step-by-step approaches to identify patient data (ePHI) for protection
- Consequences of a security failure
- How to protect and implement security programs and processes
- HIPAA Security Matrix
