Outdoor Furniture Market in the US 2017-2021

Description: The demand for outdoor furniture has increased, driven by growth in the outdoor landscaping market in the US. Consumers' purchase decisions for outdoor furniture are largely influenced by their changing lifestyles and the equal emphasis on both interior and exterior décor.

The recovery of the US economy has also helped increase the purchase of outdoor furniture as people seek to expand their outdoor living areas. Outdoor furniture products that are made of natural, durable, and weather-resistant materials are in high demand, as they provide an aesthetic appeal to the outdoor space. Increasing construction activities and the availability of high-quality furniture are also favorable for the market's growth.

The analysts forecast the outdoor furniture market in US to grow at a CAGR of 3.95% during the period 2017-2021.

Covered in this report

The report covers the present scenario and the growth prospects of the outdoor furniture market in US for 2017-2021. To calculate the market size, the report considers the revenue generated from the retail sales of outdoor furniture to individual customers and commercial users in the US.
