Analyzing Generics Market in Brazil 2017

Description: Brazil has a booming pharmaceutical market. The pharmaceutical industry in Brazil is the sixth biggest in the world in terms of value. While generics does not have a leading market share in the industry as of yet, it is growing slowly. Prescription drugs account for nearly half of the market, while OTC drugs make up for 27% of the sector. Generics account for 23% as of present.

The generic industry in Brazil has been experiencing some decline in recent years, though it has managed to increase its market share. The market has seen fierce competition within domestic players and this has affected the overall value growth of the industry.
