Industry Spotlight on Veterinary and Other Miscellaneous Services

Description:

Industry Spotlight is an ideal source of competitive intelligence on every sector of the US economy. This annual reference features selected items from the balance sheet and income statement information of corporate tax returns filed with the US Internal Revenue Service by companies in this IRS Industry Code. Seventeen key financial ratios are also included. Two pages are presented for each of eleven different size classes based on total assets so that you can see exactly what the competition’s books look like. Information for profitable companies is shown side by side with that for unprofitable firms to aid in comparison. Balance sheet items include: total assets, cash, accounts receivable, inventory and accounts payable. Income statement values include: receipts, cost of goods sold, salaries and wages, employee benefit expense, officer compensation, bad debts, rent expense, interest expense as well as net income. Financial ratios include: inventory to sales turnover, inventory to costs turnover, gross margin, net margin, days accounts receivable outstanding, days payable, days working capital, days inventory, effective tax rate and tax credit use. Definitions and guides to interpreting the ratios are also given.

Contents:

Report Table of Contents
Preface
