Monthly Base Metals Advisory: Aluminum, Copper, Lead, Nickel, Tin, and Zinc

Description:
Base Metals Advisory: Aluminum, Copper, Lead, Nickel, Tin, and Zinc

The Base Metals Advisory imparts detailed insight into the base metals markets. It contains commentary, statistics, information, and analysis for aluminum, copper, lead, nickel, tin, and zinc, as well as a thorough assessment of the economic and financial market implications for base metals prices (25+ pages).

The Base Metals Advisory also provides:
- News and market overviews, in-depth analysis, and other pertinent information.
- Tables on reported metal stocks and total world supply and demand for aluminum, copper, lead, nickel, tin, and zinc as well as special features on upcoming development projects.
- Charts on open interest, inventories, and prices for aluminum, copper, lead, nickel, tin, and zinc.
- Projections of average prices for aluminum, copper, lead, nickel, tin, and zinc for the next eight quarters.

The Monthly Base Metals Advisory provides extensive base metals market research.

Our research is an independent source of extensive information on and analysis of the aluminum, copper, lead, nickel, tin, and zinc markets. CPM has several competitive advantages as a research provider. CPM analysts maintain databases of proprietary information compiled over the last three decades, which aids in the research process. CPM maintains a network of market contacts and clients around the globe that constantly inform its analysts of changes occurring in the production, consumption, and trade of aluminum, copper, lead, nickel, tin, and zinc. CPM's analysts apply economic and econometric analytical skills to the aluminum, copper, lead, nickel, tin, and zinc markets to a greater degree than many other research groups, which tend to rely more on descriptive analyses. CPM utilizes these advantages to offer extensively and authoritatively researched products. CPM analysts are experts in the aluminum, copper, lead, nickel, tin, and zinc markets.

The Base Metals Advisory for aluminum, copper, lead, nickel, tin, and zinc has been utilized by leading investment funds, individual investors, producing and using corporations, and governments. CPM strongly believes in the importance of unbiased fundamental research on the aluminum, copper, lead, nickel, tin, and zinc markets and the benefits such research has for our clients and their businesses.
