Management in Practice Subscription

Description: Management in Practice promotes best practice in practice management and provides expert comment on and analysis of the many and complex issues now facing practice managers. This family of products under the Management in Practice brand includes magazines, online community, conferences, awards and exhibitions.

Management in Practice is the first journal specifically designed to address directly the ever-expanding role and responsibilities of today's primary care general practice manager.

Management in Practice is endorsed by the Royal College of General Practitioners – reflecting the College's avowed interest in meeting the needs of practice managers as they work closely in association with the College's GP members – and AMSPAR, the Association of Medical Secretaries, Practice Managers, Administrators and Receptionists.

managementinpractice.com is a free service designed to complement Management in Practice magazine. Visitors to the site can get daily news online or delivered direct to their inbox by email. In addition to news there are polls, opportunities for visitors to leave their comments, a weekly blog and many other online features, including "video presentations" from our latest Events.

Management in Practice Events bring together the key change agents in the world of general practice and the wider primary care environment to discuss developments in the NHS and the important challenges that need to be negotiated over the next few years. The Events are designed to give practice managers the opportunity to further their knowledge and understanding of the critical issues in primary care and provide a fresh perspective and new ideas to take back to the workplace.
