A Transition to Abstract Mathematics. Edition No. 2

Description: Constructing concise and correct proofs is one of the most challenging aspects of learning to work with advanced mathematics. Meeting this challenge is a defining moment for those considering a career in mathematics or related fields. A Transition to Abstract Mathematics teaches readers to construct proofs and communicate with the precision necessary for working with abstraction. It is based on two premises: composing clear and accurate mathematical arguments is critical in abstract mathematics, and that this skill requires development and support. Abstraction is the destination, not the starting point.

Maddox methodically builds toward a thorough understanding of the proof process, demonstrating and encouraging mathematical thinking along the way. Skillful use of analogy clarifies abstract ideas. Clearly presented methods of mathematical precision provide an understanding of the nature of mathematics and its defining structure.

After mastering the art of the proof process, the reader may pursue two independent paths. The latter parts are purposefully designed to rest on the foundation of the first, and climb quickly into analysis or algebra. Maddox addresses fundamental principles in these two areas, so that readers can apply their mathematical thinking and writing skills to these new concepts. From this exposure, readers experience the beauty of the mathematical landscape and further develop their ability to work with abstract ideas.

- Covers the full range of techniques used in proofs, including contrapositive, induction, and proof by contradiction
- Explains identification of techniques and how they are applied in the specific problem
- Illustrates how to read written proofs with many step by step examples
- Includes 20% more exercises than the first edition that are integrated into the material instead of end of chapter

Contents:

Notation and Assumptions

Section I: Foundations of Logic and Proof Writing Ch 1. Logic
Ch 1. Language and Mathematics
Ch 2. Properties of Real Numbers
Ch 3. Sets and Their Properties
Ch 4. Functions

Section II: Basic Principles of Analysis
Ch 5. The Real Numbers
Ch 6. Sequences of Real Numbers
Ch 7. Functions of a Real Variable

Section III: Basic Principles of Algebra
Ch 6. Groups
Ch 7. Rings

Ordering:

Order Online - [http://www.researchandmarkets.com/reports/1752299/](http://www.researchandmarkets.com/reports/1752299/)

Order by Fax - using the form below

Order by Post - print the order form below and send to

Research and Markets,
Guinness Centre,
Taylors Lane,
Dublin 8,
Ireland.
Fax Order Form
To place an order via fax simply print this form, fill in the information below and fax the completed form to 646-607-1907 (from USA) or +353-1-481-1716 (from Rest of World). If you have any questions please visit http://www.researchandmarkets.com/contact/

Order Information
Please verify that the product information is correct.

Product Name: A Transition to Abstract Mathematics. Edition No. 2
Web Address: http://www.researchandmarkets.com/reports/1752299/
Office Code: SC

Product Format
Please select the product format and quantity you require:

| Quantity       | Hard Copy (Hard Back): USD 78 + USD 30 Shipping/Handling |

* Shipping/Handling is only charged once per order.
* The price quoted above is only valid for 30 days. Please submit your order within that time frame to avail of this price as all prices are subject to change.

Contact Information
Please enter all the information below in BLOCK CAPITALS

Title: Mr ☐ Mrs ☐ Dr ☐ Miss ☐ Ms ☐ Prof ☐
First Name: ___________________________ Last Name: ___________________________
Email Address: * ___________________________
Job Title: ___________________________
Organisation: ___________________________
Address: ___________________________
City: ___________________________
Postal / Zip Code: ___________________________
Country: ___________________________
Phone Number: ___________________________
Fax Number: ___________________________

* Please refrain from using free email accounts when ordering (e.g. Yahoo, Hotmail, AOL)
Payment Information

Please indicate the payment method you would like to use by selecting the appropriate box.

☐ Pay by credit card: You will receive an email with a link to a secure webpage to enter your credit card details.

☐ Pay by check: Please post the check, accompanied by this form, to:
Research and Markets,
Guinness Center,
Taylors Lane,
Dublin 8,
Ireland.

☐ Pay by Wire Transfer: Bank details will be provided on the invoice which you will receive after you place your order with us.
