This report is from a Market database which is designed to be compatible with U.S. government databases.

NAICS/SIC coded reports and databases

For NAICS/SIC coded reports and databases, the report structures, datasets, field names, et al, are an analogue of U.S. Department of Commerce databases, and the U.S. Census databases, are designed to provide an analogue of U.S. Census data, but in a worldwide context. The products are described under their NAICS or SIC coding. This coding system classifies products within Product Codes.

These product/revenue lines codes are of course determined by U.S. Government agencies.

This PDF Express report is a summary of the main database and is only available in table format.
