Chinese Copper Quarterly

Description: Chinese Copper Quarterly provide industry and market analysis for aluminium industry and give Antaike's independent insight into the latest developments and trends of Chinese aluminium industry. One year subscription allows you to receive four issues. The reports are published in April, July, October and January of a year.

Each report is packed with detailed data and strategic analysis on supply, demand, price trend, industrial policies, major company activities and precise forecast in copper industry, dispatched every three months.

Key Features:
- In-depth and independent analysis by senior experts
- First-hand information source in China
- Authoritative production, consumption and trade data source
- The only one about China in English

Why you should subscribe?

Once you become a subscriber to the reports, you will be able to:

- Get unique supply-demand analysis and price movement reports about Chinese metals market;
- Keep up-to-date on the development of Chinese metal producers and understand the development of the whole industry;
- Receive regular news on China's production, import and export of copper, alumina, aluminum, nickel, lead, zinc, tin, etc, and breakdown of monthly production of top metals producers as well.

Contents:

Sample Table of Contents
January 2011

Executive Summary
Highlights of international Copper market
Highlights of Chinese Copper market
Chinese Copper Prices
Chinese Copper Material Supplies
Chinese Refined Copper Production
Import and Export of Copper
Consumption
Market Balance and Price Outlook

Data Included:
