Chinese Nickel Quarterly

Description: Chinese Nickel Quarterly provide industry and market analysis for the nickel industry and give Antaike's independent insight into the latest developments and trends of Chinese nickel industry. One year subscription allows you to receive four issues. The reports are published in April, Juny, October and January of a year.

Each report is 10-20 pages long, with detailed data and strategic analysis on supply, demand, price trend, industrial policies, major company activities and precise forecast, dispatched every three months.

Key Features:
- In-depth and independent analysis by senior experts
- First-hand information source in China
- Authoritative production, consumption and trade data source
- The only one about China in English

Why you should subscribe?

Once you become a subscriber to the reports, you will be able to:

- Get unique supply-demand analysis and price movement reports about Chinese metals market;
- Keep up-to-date on the development of Chinese metal producers and understand the development of the whole industry;
- Receive regular news on China's production, import and export of copper, alumina, aluminum, nickel, lead, zinc, tin, etc, and breakdown of monthly production of top metals producers as well.
